Skinny Skribbles

Around And About Town

With C. F. (Skinny) SKIRVIN

I want to do a little "beg pardon" for the other fellow. This paper in its Wednesday issue announced the Iowa annual picnic for Feb. 5, and it just won't happen. Through an inadvertence, or some aberration, the date for Feb. 5, is null, void of no effect. So, you tall corn girls and boys won't need to pack your lunch basket until the last Saturday in February, which date is and has been the regular time for holding the picnic for many years.

Father gets notice to slip a few potatoes around the roast, feed the cat, take care of the grandchildren, be sure and clean your feet before going into the house, and about that time mother will be home from the card game. Now any good modern father will be glad to do those chores and smile.

The political millennium has at least reached Garden Grove. Postmaster Clair Head, who represents the Democratic party, and Dick Haster, a fervid Republican, made the arrangements for a stag party for the Garden Grove Lions club, which was held in Hollywood. It was the result of an attendance contest, the losers to pay the check. There isn't any Republican campaign fund that I know of for Dick to draw from, and if he was on the losing side he won't be able to get much comfort from John Hamilton, I betcha.

Eight miles from home and no transportation. That was the predicament Fred Merker found himself in last Thursday. He could still talk and had a thumb which wasn't working, so he tried Sid Russell, and after considerable persuasion arrived in Santa Ana. That boy is restless. He wants to go places—and does.

And then there was the local railroad agent who went to an Orange county service club to get a friend fined, and came home on borrowed money.

There are gold diggers and gold diggers. But it's a far cry from '49 to stealing the bridge work from the teeth of a corpse, and that is what a Los Angeles embalmer in the coroner's office is accused of doing. The extraction was painless so far as the corpse was concerned, but it must be a twitch in the neck by this time to the 1938 prospector. Modernized version: "All is gold that gitters."

Political phantoms continue their craving for conversation. I don't care how long the political pot boils, so long as I am not called upon to pay for the fire.

Santa Ana-Tustin Mutual Citrus association assembled its growers yesterday around the banquet table for annual meeting, and among those present were Fred Silver, Mike Mastick and I was there. Who wouldn't try and make that event when the Tustin Presbyterian ladies offer an irresistible turkey dinner.

If your orange trees are blooming out of season you can find out from one fellow why, and from another fellow why not. There are as many answers to orange culture problems as there are groves.

Fern friend offers to introduce me to the cooking school class, but whether as a horrible specimen of nutrition, or one of the undernourished she refused to say. So the invitation is refused, more on account of a reticent complexion than a lack of interest in good things to eat.

I'm still not satisfied about so much waste paper blowing about the streets. Who's doing it?

Observation has almost convinced me that Americans live out of cups and glasses. Moving from place to place you see people guzzling liquids. The drink bill, other than the harder varieties, must run into high figures. How much of the drinking is habit, or custom, is difficult to determine. From my own experience I am inclined to the opinion that much of it is habit. I'm offered so much coffee during the day that the plantation acreage would have to be increased if I were able to drink it.

"If I had any money, and needed anything I would buy nothing," said a prospective customer, and as an aside the clerk said that is what is the matter with business.

Charley Ott shows me a copy of the Salt Lake City Tribune, dated Jan. 22, last, in which four pages are devoted to an expose of vice conditions in that city. The chief of police was fired by the city.

FALL FROM CAR FATAL TO WOMAN

3000 Hurt in Italy Blast

MANY DEATHS FEARED IN EXPLOSION

Carelessness Blamed In Munitions Tragedy

SEGN, Italy. (AP)—From 300 to 400 persons were believed to have been killed and injured today in a series of explosions which blasted one of Italy's greatest munitions factories.

Frantically working rescue crews had been able to drag but nine bodies from the wreckage. Firemen believed many more would be found when they were able to penetrate the smoldering ruins.

Stores of wool used in making high explosives were burning in the cellars and prevented further rescue work.

Many persons were injured by flying splinters of glass and the tiles hurtled from the rooftops of neighboring buildings by the force of the blast.

TWO MINOR BLASTS

Two minor explosions occurred before the huge blast, just as the day shift was relieving the night workers.

Segni, a town of 10,000 people 38 miles southeast of Rome, suffered widespread damage. Many roofs were shaken down and virtually all windows in the town were blown out. Merchandise was dumped all over the floors of stores as shelves collapsed.

The explosion was blamed officially on the carelessness of a worker who broke a compressed air tube. A communique announcing the disaster gave no definite casualty figures but said there were "some dead and dozens injured."

RULERS AT SCENE

King Vittorio Emanuele and Queen Elena hurried from Rome to the scene of the tragedy. They were accompanied by the governor of Rome.

Premier Benito Mussolini was asked in the morning (Page 2, Col. 2)

SURPLUS NAVEL SALE OKAYED

Approval of a plan to dispose of a surplus navel crop through an organized marketing drive in chain stores was announced today through the California Fruit Growers Exchange at Los Angeles.

The national orange crop between Jan. 1 and May 1 this year is estimated at 61,000 cars, compared to 48,617 for a corresponding period of 1937. As this would include principally navels, Orange county will remain nearly unaffected inasmuch as only 1500 acres of the total 65,000 acres producing oranges here are set to raising navels.

California shows the largest increase this year with an estimated 23,496 cars this year, nearly double the 1937 production.

Street Widening Legal Suit Filed

Widening of North Glassell streets by the Tustin and Fletcher streets was pushed today by the state, as an eminent domain suit was filed in superior court to obtain necessary land.

Estate of \$5217 Left By Cassady

Frank L. Cassady of Santa Ana, who died Jan. 20, left property worth \$5217, according to a petition for probate of his will filed in superior court today by his widow, Mrs. Pearl Cassady.

She listed real estate worth \$5000 and a \$217 bank account as assets of the estate. The will leaves all to her.

STEINER'S SUCCESSOR

SALEM, Ore. (AP)—Alfred Evan Reames, Medford attorney, today was appointed by Governor Charles Martin to serve out the unexpired term of Frederick Steiner as U. S. senator from Oregon. Reames is a Democrat.

'Sold For \$150'

Police sought to smash what they believed a widespread "white slave" ring following declarations by Jeanne Marjorie Walters (above), 19, of Great Falls, Mont., that she was forced into a life of prostitution and had been "put in back" with a San Francisco house for \$150. Two persons, a man and woman, were arrested on open charges as a consequence of her story.

'DEWPOINT' GETS PUDDLE

Dark rain clouds, driven by an off-shore wind, scudded in from the Pacific last night and ended Orange county's record January hot spell, and brought rain to continue over tomorrow. Precipitation ranged from a trace at Laguna Beach to almost a half-inch in the northern end of the county.

Albert Marmaduke Dewpoint, the duck, paddled about today.

STATE HALTS GAS RACKET

State weights and measures inspectors "cracked down" in Orange county today, with the result that two Anaheim service station operators were under a \$300 suspended fine for mixing brands of gasoline.

J. G. Benson and Harry Benson, operators of a station on North Los Angeles street, pleaded guilty to the charge yesterday before Justice Charles Kuehl. Complaints were issued by Deputy Dist. Atty. J. E. Walker and signed by J. L. Gardner of the state divisions of weights and measures.

Their guilty plea was on three counts of selling gasoline which did not test up to its brand name. Each defendant was fined \$50 on each count.

Army Life Dull, Recruit Spends Night At Sea

SAN FRANCISCO (AP)—Army life on Angel island is dull for a recruit, Roland Schneider, 20, of Venice, Cal., said today, but it is better than being marooned on a breakwater all night.

Army officers said that Schneider, a former CCC enrollee who joined the army two months ago, told them he had left Angel island, which is near Alcatraz island in San Francisco bay, and landed at a breakwater three miles east of Richmond, on the east shore of the bay. The rising tide cut off his path to shore and swept away his rowboat.

He was rescued yesterday by a police motor boat commanded by James Tucci. He was suffering from cold and exposure. Army authorities said he would be posted as being absent without leave.

Babe Born After Mother's Death

UNIONTOWN, Pa. (AP)—A Caesarian operation was performed on a dead woman a few seconds after her heart stopped beating early today and an eight-pound girl was born.

The baby was placed in an incubator and the doctors said she had a good chance to survive. The mother, Mrs. Helen Kovach, 42, was taken to a hospital last night. Her husband, Louis, is a coal miner. The child was the 13th born to Mrs. Kovach.

Strike Of Radio Men Threatens Weather Reports

SAN FRANCISCO. (AP)—Special pay for ships' radio-men who relay offshore weather information outside of working hours was sought here today by their representatives, who said they would ask the operators meanwhile to resume transmitting the vital reports for worried weather forecasters.

Curtailed of the reports Thursday and their virtual stoppage up to 4 p. m., yesterday led to a conference between officials of the American Radio Telegraphists association and the U. S. weather bureau, which had experienced difficulty in compiling forecasts.

From information relayed by the ships, many of them small vessels carrying only one radio operator, Pacific coast weather forecasts are made and the probable course of Pacific disturbances as far east as the Mississippi are charted.

Federal Meteorologist Major E. H. Bowie said that in the 24 hours preceding 4 p. m., yesterday he had received no weather information from ships between here and the

G. O. P. PAVES PRIMARY WAY

Selection of 1500 delegates to the pre-primary convention of the stream-lined 19th district Republican party was under way today.

Col. M. E. Kellington announced today that the convention would be held in Riverside April 23. Wellington is chairman of the committee of nine named last week to head the party's drive in the current campaign.

The committee last night met to discuss arrangements for the party caucus and plans for the convention. Major portion of the time was devoted to consideration of credentials for convention delegates, to be chosen from each of precincts in the districts.

STEEL GIVES 5-DAY WEEK

PITTSBURGH. (AP)—The U. S. Steel corporation, traditional pace maker for the industry, will place all white collar workers in the parent and subsidiary companies on a five-day week effective Feb. 1, resulting in salary reductions of approximately 9 per cent.

The "share-the-work" plan, placed in effect on the eve of contract renewal negotiations with the CIO's steel workers organizing committee, will extend from chairman of the board, Myron C. Taylor down to office boys. The corporation's office workers are now on a five and one-half day week. It is estimated that between 20,000 and 25,000 workers would be affected.

Wright to Tell Killing Story

LOS ANGELES. (AP)—Paul A. Wright will tell a superior court jury next Tuesday just why he shot his wife, Evelyn, and his friend, John Kimmel, to death.

The state is trying Wright, former airport manager, for murder, charging that he killed the couple deliberately, in cold blood, with evidence designed to show that Wright came upon his wife and Kimmel in such a compromising situation that he shot them down in a "white flame" of jealous rage.

Mulhaddon Plans Business Venture

Admitting this morning he quit his position as director of the Orange county WPA, Dan Mulhaddon said he plans to go into business for himself in the immediate future, making his headquarters at San Clemente.

Asked if he is considering taking another public office, Mulhaddon replied, "not at present."

GEORGIA GOES WET

ATLANTA, Ga. (AP)—Georgia was one step nearer to withdrawing from the ranks of the nation's five remaining dry states today after the senate passed a local option liquor bill.

Face Slapped

John M. Allison, who was slapped in the face by a Japanese sentry when he sought to enter a house in Nanking. Allison is third secretary of the American Embassy in Nanking and presently in charge.

JAP SLAP STORY TOLD

WASHINGTON. (AP)—An account from John M. Allison, American diplomatic representative in Nanking, of the circumstances under which a Japanese sentry slapped him increased today the friction in United States-Japanese relations.

Allison denied flatly the official Japanese version that he had insulted a Nipponese officer. He described the attack Wednesday as unprovoked.

The account from Allison, third secretary of the embassy at Nanking, in brief was:

Japanese soldiers forcibly had taken a Chinese woman from the agricultural implement shop at Nanking university, an American institution, and attacked her.

Allison and Charles Riggs, an American and a member of the university faculty, accompanied the woman, Japanese consular police and gendarmes to the Japanese barracks where she was to try to identify her assailants.

The gendarmes advised Allison and Riggs not to go into the building, but did not tell them they could not. A gendarme and the woman then entered.

Allison and Riggs stepped inside the gate and a Japanese soldier rushed up, shouting, "Back, back."

"I backed up slowly," continued Allison, "but before I had time to get out of the gate he slapped me across the face and then turned and did the same to Mr. Riggs."

When the gendarmes advised that he and Riggs were Americans, Allison said, the soldier "became livid with rage" and was forcibly restrained only after he had torn off Riggs' collar.

"At no time," Allison said, "did either Mr. Riggs or myself touch a Japanese soldier nor did we speak to any except the gendarmes with us."

Watch Your Radio As Magnetic Storm Is Due to Strike

WASHINGTON. (AP)—A Carnegie institution scientist predicted today a magnetic storm about Feb. 21 may disrupt the world's communication systems.

Dr. A. G. McNish, leading authority on the earth's magnetism, said the storms which have occurred during the past week are likely to recur in less than a month's time.

Such storms, which interfere with radio, telegraph and telephone communication and set compass needles to fluctuating wildly, are due to the occurrence of titanic volcanoes of gas on the surface of the sun, he said.

Mary Hampton To Greet Buyers

Buyers from this city, who expect to attend the northern California Market Week, to be held in San Francisco from Feb. 7 to 12, will find a familiar fashion friend, Mary Hampton, popular fashion columnist for this paper, acting as style commentator for this event.

Young Wife Dies Of Injuries; One Other Death

Violent death struck its eleventh and most freakish blow of 1938 to Orange county traffic early today when Mrs. Angela Rochin, an attractive young woman, the mother of three small children, succumbed to injuries received when she fell out of her husband's car.

It was just a few hours after Mrs. Minnie McLellan, 67, 1501 Durant street, had died in St. Joseph hospital as the result of an accident in Santa Ana last Wednesday.

Mrs. Rochin, 26, Norwalk, was fatally injured just east of Los Alamitos bridge when she was hurled out of the car driven by her husband, Ygnacio Rochin, 26, as he attempted to make a U-turn.

They had been visiting Mrs. Rochin's mother, Mrs. Idella Martinez, in Los Alamitos and were starting back toward Norwalk at 11:30 p. m. when Rochin suddenly remembered he had left his hat at his mother-in-law's home. His wife was attempting to latch the door which had come unhooked as he wheeled his car around. She lost her balance, plunged out of the car and struck the pavement head first, sustaining a basal skull fracture.

The woman was taken back to her mother's home and Dr. Russell J. Johnson, Westminster, was called to administer first aid. She died several hours later, however.

The body was taken to Stone mortuary in Belflower, and there will be no inquest. Coroner Earl Abbey and Deputy Sheriff James Musick investigated.

Mrs. McLellan's death last night was the result of injuries sustained when she was struck by a car driven by Roger S. Brown, 23, 1050 West Pine street, as she was walking across Broadway at Fifteenth street early Wednesday evening.

She was rushed to St. Joseph's hospital, where she showed signs of rallying before her condition took a turn for the worse yesterday. The body was taken to Smith and Tuthill funeral parlor where inquest arrangements are being made.

Three Los Angeles persons sustained cuts and bruises this morning when the car in which they were riding was out of control and struck a tree on 101 highway near El Toro road.

Cyril T. Holmes, 53, was driving the car, and Beverly Johnson, 21, and Mrs. Bella Holmes, 52, were riding with him. All were thrown from the car when it crashed at 6:30 a. m.

AUTO PRICES STIR RUCKUS

Auto dealers were in a turmoil today, and so were Purchasing Agent Eugene Fenelon and Supervisor Harry Riley. It all was a matter of price.

Discussion started Tuesday, when Riley obtained appropriations of \$800 each for two new cars for the county hospital. The new cars, he said, probably would not be Fords, because that appropriation would be insufficient.

That started a ruckus. Angry Ford dealers called Fenelon and Riley. Their prices, they explained, start at \$763.62, delivered in Santa Ana, for the 60-horse power sedan, so somebody must be wrong. That price does not include federal and state taxes, license and vehicle tax, however.

His attorney, Ray Overacker, filed in superior court a demurrer and notice of motion for dismissal of the suit, brought after Boyden was jailed on the slander charge. Boyden was accused of calling Bowles a "deadbeat."

Slander Suit Dismissal Asked

G. W. Bowles, advertising salesman who accused C. E. Boyden of slander and then was sued for \$100,000 on account of it, today asked dismissal of the lawsuit.

His attorney, Ray Overacker, filed in superior court a demurrer and notice of motion for dismissal of the suit, brought after Boyden was jailed on the slander charge. Boyden was accused of calling Bowles a "deadbeat."

France Speeds Up Plane Production

PARIS. (AP)—Guy Lachambre, minister of aviation, today ordered a complete reorganization of France's aviation production schedule in order to speed up delivery of fighting planes.

His action coincided with a scheduled conference between British and French air experts on cooperation between their air forces.

Soviets Forming New 'War' Zone

MOSCOW. (AP)—Foreign circles heard reports today the Soviet Union was transporting thousands of inhabitants from along its frontiers, presumably as a precaution against subversive foreign influences.

Some foreign observers described the action as a sort of "sanitary zone" against possible danger of war. Inhabitants of the border zone, they said, have been transported to other, far away regions in the vast Soviet territory, many to Middle Asia.

U.S. CONSUL MAY MOVE QUARTERS FROM RIDDLED VALENCIA

AIR RAIDERS DRIVE ENVOY FROM CITY

'Truce' in Attacks
Asked By Loyalists

VALENCIA, Spain. (AP)—Abandonment of the United States vice consulate here because of repeated shelling and bombardment of the city was under consideration today.

The British already have transferred their vice consul, W. J. Sullivan, to El Perello, a small town 18 miles south of Valencia. He limits his work in Valencia now to an hour or two each morning.

Sullivan moved after a narrow escape in Wednesday's air raid—the worst in Valencia history. About 250 persons were killed and nearly 500 wounded.

The American vice consulate, which also was embassy headquarters until a few weeks ago, was "bracketed" by six bombs which fell around the building, located in the central plaza. More than 50 persons were killed within sight of the consular office, which was jarred by the explosions.

The United States embassy staff already has taken quarters at El Perello and Vice Consul Lee Worley lives there part of the time.

Most of the consular officials have for a long time maintained places outside the city because of the continued attacks.

AIR RAID TRUCE SOUGHT IN SPAIN

BARCELONA, Spain.—An air raid armistice to stop the "shedding of innocent blood" in bombardments behind the lines was proposed today by the Spanish government.

Forays such as those which recently caused hundreds of deaths and an incalculable number of wounded at Valencia, Barcelona, Salamanca, Seville and a score of lesser towns would cease by mutual agreement if the insurgents approved the suggestion.

"The government is willing to consider any initiative tending to mutual agreement to cast aside such warfare which, beside shedding innocent blood, accelerates the ruin of Spain," the government ministry of defense said.

The government, describing bombing of cities as "cruel," warned that "every insurgent bombing will be answered with reprisals" and "bombing of our cities will not go unpunished."

The government contended its air raids on Orpesa, Talavera and Salamanca yesterday were reprisals for the last bombing of Valencia, three days ago.

1000 KILLED IN TERUEL FIGHTING

TERUEL, France, at the Spanish frontier. (AP)—One thousand government troops were killed or wounded, Spanish insurgents said today, in bitter battle on the Teruel front.

Insurgent reports said losses were so heavy that government commanders asked and were granted a two-hour truce in which to gather wounded.

The fighting centered about Celdas, to the north of Teruel, between the Calamocha highway and the Alfambra river.

commission, according to the Tribune, and some 30 addresses are printed where all sorts of illegal activities are being carried on under "police protection." Charley says there is no closed shop on vice and indictments, and that Southern California conditions are by no means exclusive. He told me, almost confidentially, that he recognized all the addresses named in the Salt Lake paper. He pointed out that the majority of the establishments operated at half (1/2) numbers. "Whenever you see a half number in Salt Lake," said he, "that's the place, if you know what I mean." I'm not exactly sure that I do know what Charley means, but I seem to have a somewhat general idea.

Kentuckian Takes Over U. S. Fleet

SAN PEDRO. (AP)—A distinguished sea fighter from Kentucky took over command today of the United States fleet.

The new commander-in-chief is Admiral Claude Charles Bloch of Bowling Green. This tall, smiling, keen-eyed native of the blue grass country, 59 years of age, by his 42 years in the naval service has become known among his fellow officers as one of the great naval leaders of modern times.

Man Seeks Safety Zone in Jail as Gin Fog Thickens

Leonard Murillo, 27, 2006 West Fifth street, didn't trust himself last night.

Held been drinking, he told police. In fact he said he was getting rather drunk. So he asked them to lock him up, because he was afraid he'd probably start driving his car in another few minutes.

300 INJURED IN ITALY BLAST

expected to take charge of the rescue work.

Thirty-nine squadrons of firemen were rushed from Rome and other surrounding towns to fight the blaze started by the blasts which destroyed three small concrete buildings.

Thousands of townspeople watched the fire from a distance, held back by lines of carabinieri. Detachments of the constabulary guarded business houses to prevent looting.

IL DUCE VISITS

The superintendent of the Bombrino Parodi Delfino factory, built some six years ago to speed Italy's rearmament program, told Mussolini the number of casualties would have been much larger had he not ordered the plants evacuated after the first explosion.

The premier visited the scene in midafternoon and then walked through the center of the town, inspecting the widespread damage.

Red Cross figures set the number of injured at 200 but others, who were known to have suffered minor wounds, were not taken to hospitals.

The full story of the disaster was hidden in the smoking mass of hot debris which defied the flood of water poured on it by firemen.

The concrete sheds which were destroyed had been built largely underground. These sheds—the explosive section—were separated by low lying hills from other parts of the munitions works.

nese government against the slapping of John M. Allison, ranking American diplomat at Nanking, by a Japanese soldier.

Grew made the representations to Kenseki Horiuchi, vice-minister for foreign affairs, in an evening interview.

Domel (Japanese news agency) said that Horiuchi told the American ambassador Japan had no detailed information on the incident but would answer the representations when it arrived.

Allison, third secretary and in charge of the Nanking embassy, was slapped by a Japanese sentry when he sought to enter a Japanese barracks to investigate an attack on a Chinese woman who had been abducted from American property.

Japanese at Shanghai said the soldier was justified and would not be punished. An army spokesman criticized what he called Allison's "insolent attitude."

Adventurous Boy Gets Man in Bad

SAN PEDRO, Calif. (AP)—Jerry Barnes' current ambition is to drill an oil well.

He wanted to find out all about oil wells, so he spent considerable of his time visiting with James B. Easter, who is the fireman at an oil well near Jerry's home.

Jerry, who is 4 1/2, and Easter, who is 49, struck up quite a friendship due to their mutual interest. Easter told police yesterday, when they arrested him for child-stealing—namely, the person of Jerry Barnes—that Jerry had said it was all right with his parents for him to visit Easter's home in Los Angeles.

A complaint against Easter was issued by the district attorney's office.

PACKING HOUSE IN ANNUAL MEET

Fruit handled by the Santa Ana-Tustin Mutual Citrus association last year brought a delivered value of \$593,191.78, it was made known today following the annual meeting of the organization held at Tustin yesterday.

The growers' gross returns amounted to \$349,833.46. Despite the severest frost damage in the history of the county, Manager A. J. Theis reported that of the total fruit picked from the association trees, 58 per cent was packed, 6 per cent was sold loose and 29 per cent went into by-products. The remaining 7 per cent was eliminated. There were 427 carloads of valencias and five and one-half cars of navel oranges.

REFUNDS PAID

Revolving fund for 1934 of 10 cents per packed box and the 1937 packing refund of 21 cents per packed box, amounting to \$37,491.40, have been paid in full, the annual report showed. Likewise, all association property was paid for with no indebtedness.

Above-mentioned figure on gross returns is the amount ranchers received after deducting charges such as payments on freight, refrigeration, sales expense, costs of materials, packing, handling, picking and hauling. Individual grower's net returns per acre, contained only after deducting his own taxes, interest, depreciation and his bills for pest control, fertilizer, irrigation and labor.

PACKED BOX PRICE

Officers of the association condemned the practice of publishing the amount received per packed box at the packing house. For one thing, they say, the necessary expenses of picking and hauling from the grove to the packing place are not noted. Such misleading figures tend to deceive the grower and cause the public to believe that grower's returns are larger than they really are.

Officers and directors elected yesterday were as follows: Wyckoff Hoxie, president; G. W. Rock, vice-president; J. L. Bass, secretary; C. M. Deardorff and R. P. Mitchell, A. J. Theis was named manager.

OPPOSES FREIGHT RISE

Bruce McDaniel, general manager of the Mutual Orange Distributors, speaking before association members, said he strongly opposed the proposed increase in citrus freight rates. He praised highly the successful record of the Tustin packing house.

Other speakers included A. D. Knight, MOD assistant sales manager; A. L. Chandler, of the MOD supply department; A. E. Isham, MOD field manager; W. T. Heine, representing the Southern Pacific railroad company; H. H. Kohler, president of the Kohler Engineering company of Fullerton; and E. V. Anderson of the Pomona Brodbeck company.

Dewpoint and the weather bureau today announced the current storm, running true to Orange county standards, would clear up late tomorrow.

At Fresno yesterday hail and sleet mixed with a near cloud-burst to flood streets with 22 precipitation in one hour. Power and telephone service was interrupted momentarily.

The storm was general over the state, with rain in the northern section and snow in the mountains.

"Sudden Deaths" Mount to 500

BOSTON. (AP)—Disclosure that 118 "sudden deaths" occurred in Massachusetts mental institutions last year today shot to more than 500, including eight playings, the total deaths under investigation by state authorities in their investigation into conditions in state insane hospitals.

Dr. Clifford C. Perkins, acting commissioner of mental diseases, revealed that of those who met "sudden deaths" last year 73 died of complications from fractures and 29 were suicides. One victim of a homicide was included and others were alcoholic, burning and drowning victims.

Britain's annual betting turnover is estimated at between \$1,750,000,000 and \$2,500,000,000. It is divided among football pools, dog racing, gaming machines and horse racing, in that order.

Pickets Threaten Murphy's 'Tails' For F. R.'s Ball

DETROIT. (AP)—The Crawford laundry notified Gov. Frank Murphy today he might send the national guard to get his dress shirt in time for the President's birthday ball tonight.

Picketing wagon drivers are picketing the laundry, where Murphy's shirt awaits delivery. The governor did not indicate his plans. Circuit Judge Arthur Webster arranged a hearing on the laundry's petition for an injunction against the pickets.

F. R. TO POINT 'TRUST' PLAN

WASHINGTON. (AP)—Some administration supporters in congress said today President Roosevelt's forthcoming message on monopoly may suggest a long-range investigation rather than immediate legislation.

There has been no word from the White House as to whether Mr. Roosevelt has yet begun preparation of the message. He advised congress early in January that he would have such a message later.

It is known, however, that two divergent ideas of future government-business relations have been urged upon Mr. Roosevelt.

These views have been given public expression by Donald Richberg, former NRA administrator, and Robert H. Jackson, assistant attorney general.

JAP FREIGHTER UNDER GUARD

BOSTON. (AP)—A heavy police guard, including three police boats, today was thrown around the Japanese liner Kaiyo Maru, a vessel that narrowly escaped bombing in Seattle harbor last week, but officials concerned declined to explain the action.

Police Commissioner Joseph F. Timilty indicated the guard was established as a result of a conference yesterday with local agents of the line, Patterson, Wynde and Company, but he would offer no further comment. The agents likewise declined to discuss the guard.

The vessel is tied up at the army base for 24 hours, unloading a Far Eastern cargo.

MATINEE IDOL DIES AT 75

LONDON. (AP)—H. Reeves-Smith, 75, matinee idol to American audiences for four decades, died today.

Reeves-Smith went to the United States first in 1881 to play Adolphus Birkett in "Betsy" and was last seen there as Augustus Morick in "The Vinegar Tree" in 1920.

In the intervening years he had toured the United States from coast to coast and had appeared with such famous actresses as Margaret Anglin and Ethel Barrymore.

RUSSIA DENIES ITALY CHARGE

MOSCOW. (AP)—Soviet authorities, through the Tass (official) News agency, today charged the Italian government with exaggerating Russia's debts to Italy.

(Russia suspended commercial payments to Italy Jan. 5 in a dispute which was said to have arisen over delivery of Soviet oil to Italy for naval use.)

Tass said Soviet debts were approximately \$185,000 (\$925,000), instead of the "tens of millions" of lire reported in the Italian press. (The lira is worth a little more than five cents.)

Tass called the Italian report an "unscrupulous attempt to misguide public opinion."

Five-Hour Ship Tie-Up Ends

LOS ANGELES. (AP)—Having given a show of strength by paralyzing shipping for five hours here yesterday, members of the CIO International Longshoremen's and Warehousemen's union settled down to work today, pending court action on their hiring hall dispute next Wednesday.

At a meeting in Wilmington bowl during the "stop work" period the ILWU put itself on record as serving notice to employers "that we will be available only through a hiring hall and under conditions approved and administered by a majority of the longshoremen."

Gun Expert Dies As Finger Slips

TUJANA, Mex. (AP)—Genaro Velasquez, 54, known as the ablest firearms expert in Baja, Cal., died because his finger slipped, police reported today.

Velasquez, the report said, accidentally tripped the trigger of a pistol he was repairing at his workshop here yesterday. The weapon discharged and he fell dead.

DON LEE GETS TELEVISION PRIVILEGE

LOS ANGELES.—The federal radio communications commission yesterday granted the Don Lee Broadcasting system a permit granting a power increase from 150 to 1000 watts for television visual broadcasting through station W6XAO. The added power will allow the Mutual-Don Lee shows, scheduled to start during the first half of 1938, to be more widely received. Pickets from the Don Lee studios and within a limited area out-of-doors will be made.

Approximately 100 television receivers have been built by interested persons within 20 miles of W6XAO, including the cities of Long Beach, Wilmington, Pasadena, Inglewood, Hollywood and Los Angeles.

"The new transmitting equipment will include a relatively high efficiency circuit made possible by the nature of television signals found in primary broadcasting," said Harry R. Lubke, director of television of the Don Lee Broadcasting system.

Work on the new transmitting circuits will be started at once. The regular daily television programs from W6XAO started in 1931 will continue without interruption, with images broadcast on 45,000 kilocycles and the accompanying sound on 54,000 kilocycles.

Instructions on how to construct an attachment to an ordinary radio to enable the sound portion of the W6XAO program to be received, therewith, are being circulated. Image receivers must be specially constructed. Persons living within the service area of W6XAO may secure the data without charge by sending a stamped self-addressed envelope to the television division, Don Lee Broadcasting system, Seventh and Bixel streets, Los Angeles.

INCOME 'UPS' 5.5 PER CENT

NEW YORK. (AP)—Income received by individuals in the United States last year rose \$67,534,000,000 from \$63,984,000,000 in 1936, a gain of 5.5 per cent, the national industrial conference board reported today.

The board, a private research organization supported mainly by corporations, pointed out the gain was not great in terms of actual goods and services as in dollars because the cost of living increased 4.4 per cent.

There was still a lag of 15 per cent compared with the nation's income of \$79,101,000,000 in 1939.

Roman Numerals Ramble Through Probate Records

Roman numerals chased each other around the county clerk's office today as names of Ingletton Schenck, Ingletton Schenck II, Ingletton Schenck III, Frederick Van Nydeck Schenck and Frederick Van Nydeck Schenck II appeared in a probate petition.

Frederick Van Nydeck Schenck petitioned for letters of administration in the estate of Gertrude J. Schenck of Madison, Me., who died here Oct. 25, leaving property in Laguna Beach worth \$7500 and in Santa Ana worth \$7000. The relatives with the Roman numerals are heirs.

Professor Freed On Pacifist Stigma

MINNEAPOLIS. (AP)—The stigma of dismissal placed upon Prof. William A. Schaper because he opposed entrance of the United States into the World war has been removed after repeated efforts for two decades.

The University of Minnesota board of regents has expunged from its records the action taken during the turbulent days of 1917, bestowed the title of professor emeritus on Schaper and voted him a \$5000 consideration.

'Red Robin Hood' Seeks Clemency

LOS ANGELES. (AP)—Upon a unique affidavit in which Arthur Kent purported to disclose Communist party activities the "Red Robin Hood," who has pleaded guilty to burglary charges, today begged hopes for leniency.

Sentencing of Kent, who said he robbed from rich to raise money for communist purposes, has been deferred to Feb. 23 so his affidavit can be investigated thoroughly.

The affidavit, 12 pages long, was filed yesterday by Aaron Sapiro, Kent's attorney, to substantiate his plea that he be given consideration because he is assisting federal authorities in probing Communist-labor relations.

NEW DESIGN FOR LIVING F. R. PLANS QUIET NIGHT ON BIRTHDAY

(This is the first in a series of stories outlining America's new design for living, as it applies to Orange county. Under the Wagner-Steagall Housing Bill, more than a half billion dollars have been set aside for slum removal, in a permanent program. Although national in scope, it is strictly a local problem in its effect on slums, on crime and disease, on fire hazards and epidemics.—The Editor.)

By BOB GUILD

A new house for Pedro, Conchita, little Pedro, Tony and Anastasia—a new house with living room, kitchen, two bedrooms and a modern bathroom—for \$12 a month.

Thousands will be built for the thousands of Pedros in Orange county.

Pedro lives today in a three-room semi-shack in one of the Mexican camps.

His house has dirt floors and an old wood stove. No place for Pedro and his family of four to wash their hands except in the kitchen sink, where the vegetables are washed. The toilet is out back, and none too good at that.

NO BEDS

Pedro's bedroom is a mattress on the floor, and two or three blankets. The three young ones sleep on another mattress in the next room. A single light bulb hangs from the center of each room.

When one of the little ones is sick (and they get sick often, what with the dirt and improper food and bad ventilation and cramped, hot quarters) he goes right on lying with the other two, unless the county nurse takes him away to the county hospital.

Pedro lives in Orange county's slums. There are 1800 Pedros in the county, by conservative count, and the circumstances of each is little different.

EARN'S ONLY \$580

Each of the Pedros works in the fields, or in the packing houses—for an average of 225 days each year. In boom years.

For this labor he earns approximately \$550. In boom years. This year Pedro's salary was just \$580. With \$580 he fed, clothed, housed and cared for a family of five. (Average.)

During the next three years the federal government is going to spend \$526,000,000 building model houses for the Pedros in Orange county, and for other laborers in Pedro's circumstances throughout the county.

NON-PARTISAN MOVEMENT

Provided, that is, that local government takes Pedro's situation seriously enough to do something about it, and gets a portion of that half billion dollars for local consumption.

Here a well-developed movement to get a large chunk of that jackpot is under way. With the funds this county and other local governmental units hope to build a series of model units to house the underpaid and underprivileged laborers of the county.

The movement is non-partisan. It is headed by leaders in both political parties, by church and welfare groups, by social workers and by plain people, anxious to clean up and do away with the county's slum districts.

Monday: How Pedro's house will look, how much it will cost.

House Expected To Pass F. R.'s Naval Program

WASHINGTON. (AP)—Leaders said today they expected the house to pass President Roosevelt's huge army and navy expansion program by Feb. 15.

Chairman Vinson (D., Ga.) called the house naval affairs committee to begin hearings Monday on a bill to authorize the \$300,000,000 naval building program.

The measure, carrying out Mr. Roosevelt's request for a 20 per cent increase in the navy's building limitations, would authorize 47 additional fighting ships, 22 auxiliary and 1000 airplanes.

Rumania Recalls Agent In Russia

MOSCOW. (AP)—Diplomatic circles disclosed today that Edmond Ciuntu, Rumanian ambassador to Russia, had been recalled to Bucharest.

No reason for the recall was given, but Ciuntu had been considered a close associate of Nicolas Titulescu, former Rumanian premier, who has been outspoken in his opposition to the present government.

On Jan. 21, M. S. Ostrowski, the Soviet ambassador to Rumania, took formal leave of King Carol and announced he would have no successor. Ostrowski was reported from abroad to have asked to be recalled because of the rise to power of Premier Octavian Goga.

SLUG CHARGE ON MADDEN DROPPED

Bad Check Count Still Answerable

Pending assault charges against John J. Madden, 25-year-old New Jersey promoter facing a bad check count in superior court, were dropped today.

"After an investigation," said Asst. Dist. Atty. Preston Turner, "we have found there is not sufficient evidence to charge Madden with slugging Officer Leach."

Officer Hunter Leach, Santa Ana, who went to Arizona to return Madden for trial on the check charge, returned suffering from a mysterious brain ailment.

LEACH ACCUSES MADDEN
Half-conscious, Leach told friends the prisoner had slugged him on the train and attempted to escape. Before that, Madden had been regarded as a hero for bringing a sick officer home.

Filing of the assault charges had awaited Leach's recovery. The officer, now convalescing, has said he was not sure whether or not Madden struck him or whether he might have been injured in some other way on the trip, it was reported.

NO EVIDENCE FOUND
George Tobias, attorney for Madden, and Detective Lieutenant Charles Wolford of the police department interviewed trainmen and Los Angeles police on the assault angle, they reported, and found no evidence to justify the charge.

The state industrial accident commission has rejected Leach's claim for compensation on the injury, but his attorney, Charles Swanner, is preparing for another hearing on the matter.

INJURIES HOLD UP INQUEST
Delayed for two weeks because two of the witnesses were injured, an inquest will be conducted Tuesday into the death of Mrs. Anna Taylor, 60, Midway city, who succumbed Jan. 14 to injuries sustained in an accident at Cannery and Hazard streets in Midway City, Jan. 9.

W. H. Taylor, husband of the accident victim, has just been moved home from St. Joseph hospital, where he was confined with critical injuries from the crash, and his testimony for the inquest was taken in the form of a deposition yesterday.

Funeral services already have been held from Shannon funeral home in Orange, where Coroner Earl Abbey will conduct the inquest.

HEALTH TALK BY HARRISON

Public health will be discussed by Floyd Harrison, administrator of the Junior Red Cross, at a meeting in cooperation with the local chapter of the Red Cross Monday night, at the Spurgeon school, 210 West Cushman street, at 7:30. Hazel Nell Benus, advisor of the high school chapter of the Junior Red Cross will preside.

W. W. Mather of Chaffey Junior college begins a series of discussions, Feb. 7 his first subject will be, "Church and State in World Affairs," he will speak Feb. 14 on, "Good Will Incorporated." A series is being arranged on the Near East and Far East situation.

AVOCADO TRIP MAPPED OUT
When California avocado growers undertake their pilgrimage to the first fuerte tree in Atlixco, Mexico, in April, they will not confine their attentions to the one spot, Giles Hart of the California Avocado Association said today.

Present plans call for the growers to make a tour and inspection trip through the avocado areas of all parts of the state. The growers will leave April 8 to visit the site of the first fuerte, parent tree of the 10,000 acres of fuertes being grown in California today.

Re-appointment of P. O. Heads Asked
Orange county Democratic central committee recommended re-appointment of four postmasters at a meeting held Friday night in Daniger's cafe.

They are: C. W. Brenner of Buena Park, Maurice Mellett of Costa Mesa, Bernice M. Ayers of San Clemente and Michael Collins of Seal B. ach.

Father Charged With Non-Support
Charged with refusing to support a seven-year-old daughter, Arthur Lee Caster, 48, Clearwater, today was awaiting trial in superior court.

Caster was booked at the county jail yesterday and today was held to answer to the higher court by Justice Cal D. Lester of Orange township.

CARD OF THANKS
Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings and other kindnesses we are deeply grateful.

I Just Found Out
"Hooky Days" Over

Remember the "hooky cop" who terrorized you and your schoolmates in the old days? Well, he's dead. He's long since been replaced in public schools by an "attendance supervisor," which is much more than just a "high-faluting" name for the same old job.

Attendance officers no longer roam the streets looking for truant boys and girls. Their job is to keep youngsters in school—and teach them, rather than force them, to like it. If the kids don't like school, the remedy these days is salesmanship, not punishment. Education, it seems, is being dished up as a big opportunity, not medicine to be administered by holding the patient's nose.

Schools still look at truancy as a serious problem, though their solution for it is different from the old days. Persistent cases—about 1000 of them each year—are turned over to Herman Ranney, Santa Ana, attendance supervisor, for investigation, and his big problem is to find out why pupils "ditch," then try to fix the difficulty.

Biggest number of truancy cases is in high school, where classes are more academic and pupils not academically inclined sometimes figure they don't fit. The state insists that they go to school until they're 18 years old or have been graduated, and many rebel at the compulsion.

About 90 per cent of the cases reaching Ranney are reported by teachers or principals; the balance are complaints from parents or the children themselves. Ranney's "trouble shooter" in all of these cases, tries to get parents, teachers and pupils all looking at the thing the same way.

Many parents, he finds, strike defensive poses, side in with their children. This is principally because they don't realize the importance of regular attendance, he claims, though a few are openly antagonistic and resent school authority.

Where parents deliberately keep children out of school and won't listen to reason, Ranney has no alternative but to file a complaint against them in justice court. Two or three such complaints are made each year. If the child, rather than the parent, is uncooperative, the case is referred to juvenile authorities, though Ranney usually tries to have the parent assume the responsibility and personally report his child as unmanageable.

Illness is the most frequent legitimate excuse for absence, also is the most overworked alibi for truancy. Other excuses, in approximate order of frequency, are work, deaths, funerals, having to go out of town and helping parents. The excuses, sometimes carrying parents' oaks, run from the sublime to the ridiculous, have included such apparently sincere but nonetheless untruthful ones as "My dog died and I had to stay home for his funeral."

Mexican families have become less and less a truancy problem in the past few years, though in regular absences still are far more plentiful with this group than any other—particularly during walnut season when entire families are at work.

The fact that Mexican families are becoming educated to the importance of attendance makes school officials optimistic about their new approach to the thing, and they claim the average student's attitude no longer is one of resistance but at being forced to attend classes.

Ranney deals with more persistent cases of truancy, also handles other types of disciplinary cases. To get his job, he was required to have special graduation in child welfare work. Among his more serious problems: Youngsters who like school, always attend, but perpetually "cut up" while they're there. Such cases require mental, physical and personality diagnoses, appropriate corrective measures.

Not so greatly concerned with "persistent cases," most of which are turned directly over to Ranney, T. P. McKee handles the less serious truancies at Santa Ana High school. The majority of high school pupils, he finds, have "ditched" classes at least once during their school careers, and it isn't considered particularly criminal unless it's repeated too often.

The high school operates on a merit system, gives demerits for "ditching." Some of the more model citizens, consequently, can afford to cut one or two classes during their four years of attendance.

Quite a number of truant high school pupils actually "fess up," frankly admit they "ditched" when they're asked for an excuse. High school authorities encourage this, list dishonesty was a far worse crime than cutting.

Springtime is the big season for truancy, partly because warm weather and beach festivity beckon, partly because some pupils are getting "fed up" with school by then. During "beach weather" quite a few boys and girls known to be going together are mysteriously absent at the same time, usually being in different excuses.

Though they don't consider ditching the ultimate crime, school officials frown on it because of its implications, which they believe include a tendency toward dishonesty, often toward delinquency; a danger signal that something may be wrong with the pupil's outlook, and a mark of poor citizenship, since training now is to the effect that youths afforded the opportunity of education also have the responsibility of attendance.

In exaggerated cases where parents side in with their son or daughter, officials find the biggest point of conflict is that parents resent changes in the principles of modern education, think teachers aren't giving their child the right kind of education. Of the 100-odd formal complaints brought in directly by parents each year, however, half are about the way the schools are being run, the other half are about their own children's attitude.

Robert A. Heffner, potentate and director general, will tell of plans for the 1938 Shrine convention on June 7, 8 and 9.

At noon, Feb. 3, the Shriners will celebrate ladies' day at the Los Angeles Biltmore, and Wednesday evening, Feb. 23 the Potentate's ball is to be staged at the Los Angeles temple.

Calavo Head
C. V. NEWMAN

C. V. Newman of Tustin yesterday was named president of the Calavo Growers of California, the avocado growers' marketing cooperative, at the annual meeting of the group, held in Los Angeles.

Newman has served on the board of directors of the group since 1925, the second year the association's existence. He also is on the directorate of the Federal reserve bank, and is a director of six local citrus groups and farm organizations.

Since inception of the association, Newman said, it has handled approximately 45,000,000 pounds of avocados. It was organized in 1924, when fears were expressed that a 100,000 pound crop might ruin the market. Today, Newman pointed out, the annual crop expectancy is 10,000,000 pounds.

Calavo today is rated one of the most effective of marketing organizations, operating branch offices, each with its own wholesaler-retailer contacting and distribution system, in 35 of the larger cities of the nation.

Other officers elected yesterday include Charles L. Lewis, North Whittier Heights, and J. H. Hutchinson, Vista, vice-presidents; George B. Hodgkin, Altadena, secretary-manager; C. H. Young, Los Angeles, treasurer, and A. J. Schroeder, Maywood, assistant secretary.

Illness is the most frequent legitimate excuse for absence, also is the most overworked alibi for truancy. 1000 ATTEND DEDICATION OF CHURCH

Approximately 1000 persons attended "Community night" dedication services last night at the First Presbyterian church. The Cantando club furnished a musical program. Principal speakers at the occasion were R. B. Newcom and Terry Stephenson.

Newcom, appearing in behalf of the service clubs, spoke on the topic "Spiritual Retreats." He stressed the importance of developing a more conscious attention to the spiritual values of life rather than thinking in material terms exclusively.

Stephenson, representing the civic organizations of the city, expressed the appreciation of Santa Ana citizens toward the members of the Presbyterian church on erection of a place of worship here which is a credit to the community.

Rev. O. Scott McFarland, pastor of the church, introduced the speakers of the evening.

Ruth Armstrong, who for 12 years was organist at the old Presbyterian church, played the organ during the musical program.

There was a piano duet by Miss Armstrong and Dudley Page Harper.

Under the direction of Benjamin Edwards, the Cantando club rendered several beautiful numbers.

This was the first appearance of the group this year aside from its regular concert program.

Several new Jaycee courses under the home economics department were announced for the spring term by Miss Hazel D. Dawson.

Fooda 11B will be open to students who have had three semesters of cookery in high school, or one semester in any college. Meal planning, and preparation of pies, cakes, salads and frozen desserts will be featured.

Art principles of interior decoration will be offered as a continuation of Art 36A. The class will meet at 9 a. m. on Mondays and Wednesdays. Special emphasis will be placed on architectural types, period furniture, choice of furniture and its arrangement.

Registration for the term will begin Monday. Copies of the class schedule will be available at the college office till that time. Registrar Mabel G. Whiting said. She expects an enrollment of 800.

Silver Cord To Hold Meeting
The Silver Cord lodge will hold a stated meeting at 7:30 p. m. Feb. 1, in the Masonic temple to be followed at 9 o'clock by a dance to which members and their wives are invited.

Ray Taylor is to be in charge of the affair, assisted by George Lippert, chairman of the refreshment committee and Virgil Clem, chairman of the decoration committee.

On Feb. 22, the organization will hold a dinner at which time City Atty. Lew Blodgett will address the group on the constitution.

Memberships Drive At C Of C Lunch
Reservations for 100 persons have been made for the chamber of commerce membership luncheon at the American Legion hall Monday noon, according to Secretary Howard Wood.

The committee on "What Helps Business" will present its recommendations on publicizing the campaign of the national chamber of commerce to the membership as a whole for their acceptance or rejection.

Rain Damps Cops' Bicycle Drive
Because rain today dampened the police department's distribution of bicycle licenses, the deadline has been moved ahead a week, Detective Lieutenant C. W. Wolford announced today.

More than 1300 licenses have been issued to Santa Ana bicyclists and approximately 200 more are expected to be handed out next Wednesday and Saturday. Deadline originally was to be Feb. 1.

TELFER-SMOLLET TUMBLES
SHANGHAI (AP)—Major General A. P. D. Telfer-Smollet, commander of British forces at Shanghai, suffered a fractured pelvis today when his horse stumbled and fell.

officials frown on it because of its implications, which they believe include a tendency toward dishonesty, often toward delinquency; a danger signal that something may be wrong with the pupil's outlook, and a mark of poor citizenship, since training now is to the effect that youths afforded the opportunity of education also have the responsibility of attendance.

In exaggerated cases where parents side in with their son or daughter, officials find the biggest point of conflict is that parents resent changes in the principles of modern education, think teachers aren't giving their child the right kind of education. Of the 100-odd formal complaints brought in directly by parents each year, however, half are about the way the schools are being run, the other half are about their own children's attitude.

Robert A. Heffner, potentate and director general, will tell of plans for the 1938 Shrine convention on June 7, 8 and 9.

At noon, Feb. 3, the Shriners will celebrate ladies' day at the Los Angeles Biltmore, and Wednesday evening, Feb. 23 the Potentate's ball is to be staged at the Los Angeles temple.

Calavo Head
C. V. NEWMAN

C. V. Newman of Tustin yesterday was named president of the Calavo Growers of California, the avocado growers' marketing cooperative, at the annual meeting of the group, held in Los Angeles.

Newman has served on the board of directors of the group since 1925, the second year the association's existence. He also is on the directorate of the Federal reserve bank, and is a director of six local citrus groups and farm organizations.

Since inception of the association, Newman said, it has handled approximately 45,000,000 pounds of avocados. It was organized in 1924, when fears were expressed that a 100,000 pound crop might ruin the market. Today, Newman pointed out, the annual crop expectancy is 10,000,000 pounds.

Calavo today is rated one of the most effective of marketing organizations, operating branch offices, each with its own wholesaler-retailer contacting and distribution system, in 35 of the larger cities of the nation.

Other officers elected yesterday include Charles L. Lewis, North Whittier Heights, and J. H. Hutchinson, Vista, vice-presidents; George B. Hodgkin, Altadena, secretary-manager; C. H. Young, Los Angeles, treasurer, and A. J. Schroeder, Maywood, assistant secretary.

Illness is the most frequent legitimate excuse for absence, also is the most overworked alibi for truancy. Other excuses, in approximate order of frequency, are work, deaths, funerals, having to go out of town and helping parents. The excuses, sometimes carrying parents' oaks, run from the sublime to the ridiculous, have included such apparently sincere but nonetheless untruthful ones as "My dog died and I had to stay home for his funeral."

Mexican families have become less and less a truancy problem in the past few years, though in regular absences still are far more plentiful with this group than any other—particularly during walnut season when entire families are at work.

The fact that Mexican families are becoming educated to the importance of attendance makes school officials optimistic about their new approach to the thing, and they claim the average student's attitude no longer is one of resistance but at being forced to attend classes.

Ranney deals with more persistent cases of truancy, also handles other types of disciplinary cases. To get his job, he was required to have special graduation in child welfare work. Among his more serious problems: Youngsters who like school, always attend, but perpetually "cut up" while they're there. Such cases require mental, physical and personality diagnoses, appropriate corrective measures.

Not so greatly concerned with "persistent cases," most of which are turned directly over to Ranney, T. P. McKee handles the less serious truancies at Santa Ana High school. The majority of high school pupils, he finds, have "ditched" classes at least once during their school careers, and it isn't considered particularly criminal unless it's repeated too often.

The high school operates on a merit system, gives demerits for "ditching." Some of the more model citizens, consequently, can afford to cut one or two classes during their four years of attendance.

Quite a number of truant high school pupils actually "fess up," frankly admit they "ditched" when they're asked for an excuse. High school authorities encourage this, list dishonesty was a far worse crime than cutting.

Springtime is the big season for truancy, partly because warm weather and beach festivity beckon, partly because some pupils are getting "fed up" with school by then. During "beach weather" quite a few boys and girls known to be going together are mysteriously absent at the same time, usually being in different excuses.

Though they don't consider ditching the ultimate crime, school officials frown on it because of its implications, which they believe include a tendency toward dishonesty, often toward delinquency; a danger signal that something may be wrong with the pupil's outlook, and a mark of poor citizenship, since training now is to the effect that youths afforded the opportunity of education also have the responsibility of attendance.

In exaggerated cases where parents side in with their son or daughter, officials find the biggest point of conflict is that parents resent changes in the principles of modern education, think teachers aren't giving their child the right kind of education. MODEST MAIDENS

"May we have this dance?"

TOWNSEND NEWS, VIEWS

By WALTER R. KOBB

Gabe Garrett, publisher of the Daily Voice at Corpus Christi, Texas, in an editorial recently published, came out strongly for the Townsend plan as a national remedy needed to solve unemployment and other problems now facing the nation. In his editorial, Mr. Garrett said:

"Isn't it queer that this great government of ours will not accept the only remedy for the present condition of unemployment and chaos?"

"By their own admission we have in excess of ten million men out of work, statistics show us that we have eight million old men and women, the majority of whom are in some line of employment, who, by all admissions, deserve pensions. To place these eight million old people on an adequate spending income and take them out of all means of endeavor, would put every man in the United States or a good job and prosperity would be here to stay."

"That tax that has been the bugaboo is with us now, only it is put upon the abiding man and the big business transaction group are going scot free."

"We are paying more than the suggested 2 per cent, but only the laboring men is paying it, while the gamblers of Wall Street and the money changers pay nothing."

"It is no longer a laughing matter. These who have made light of the Townsend plan have followed it up in every detail only they have left the meat out of it. The pension must be large enough to allow the old folks to spend and hire people or the plan will fail as the substitutes have failed."

"Will the people lie dormant as the legislators play the big interstate against their welfare and the lives of their children or will they demand that this sham cease and that proper steps be taken to safeguard a nation in its democracy?"

By the above editorial it can be seen how inadequate would the compromise old-age pension legislation advocated by Congressman Harry E. Sheppard and his colleagues be to solve the problems facing the nation. Mr. Garrett in his editorial has hit the nail on the head. Small old-age pensions such as Mr. Sheppard and

his group advocates will only increase the problems already existing among tax-paying citizens without solving the problem paramount in the nation. There must be a spending power vested with the elderly as will enable them to buy more than mere necessities of life. They must be privileged to buy luxuries and the services of the younger so that a balance between services needed and those available can be struck and so that the wage employed will be sufficiently lifted to produce the needed volume of business as will produce prosperity. Like Mr. Garrett this column says: "Isn't it queer that this great government of ours will not accept the only remedy for the present condition of unemployment and chaos?"

Mrs. Ota A. Everett of Fullerton club No. 1 writes of the splendid meeting which was enjoyed last Monday evening when Dr. T. M. Savage of Los Angeles lectured before the club on the money problems of the nation. He pointed out the depressions which have occurred in the nation since the time of George Washington have found their base in the same cause. A correct circulation of money he ably depicted would remove the cause of such recurring low velocity of money cycles with their accompanying unemployment and suffering. Mrs. Everett also says she was recently re-elected president of her club; Bruce Moore, secretary; Mrs. R. C. Holmes, treasurer. Those elected as members of the advisory board were R. C. Holmes, Mrs. Hardy Character, Mr. Quinn, Mr. McClure and Mr. Volk. A meeting was recently held at the R. C. Holmes' residence, 126 North Berkeley when committees were appointed and worked for the club outlined for the balance of January and for February. Next Monday night this club will give an oyster supper in the Ebell club building located at East Chapman and Harvard avenues beginning at 6 o'clock. The menu planned will include a big fish of fresh oysters, plenty of crackers, a piece of pie and coffee, all for 25 cents. A second dish of oysters will only cost 15 cents. That kind of a menu ought to bring every Townsendite in Fullerton out to this supper and a good many from the surrounding towns. Mrs. Everett says a membership drive contest in being put on by her club and that a first prize of \$5, a second one of \$3 and a third of \$2 is being offered to those bringing in the most members.

Grace Bonham, the new publicity lady for the Tustin club No. 1 is beginning to show promise of functioning in connection with this column in giving good publicity to her club's affairs. She imports the information that next Monday evening the club is holding its meeting at 7:30 p. m. in the club building at C and West Main streets. But beginning at 6 o'clock the club will serve an oyster supper, plus a salad, dessert and a drink for 35 cents. Mrs. Dell Benton is in charge of a program of entertainment which will be offered and afterwards Rev. Joe Nation, Baptist pastor of Long Beach will address the gathering. Nation is a whirlwind of a speaker and in combination with an oyster supper ought to draw a capacity house. Get ready folks to enjoy a great time. The public as well as the Townsendites will be welcome.

Hollywood Sights and Sounds

By ROBBIN COONS

HOLLYWOOD.—Always fond of reaching into history's grab bag for film material, Cecil DeMille in his newest exploration has extracted a rich prize in "The Buccaneer."

Based on Lyle Saxon's opulent biography, "Lafitte the Pirate," decorated with further research and the customary embroidery of fiction, the new picture projects a neatly woven, romantic and action-filled tale of the famous "privateer" of Louisiana's Barataria bay.

As usual with DeMille's film histories, "The Buccaneer" is more than to the spirit of its period and to its duties as romantic entertainment than it is to dry chronological record. Disputes, if any, on this score can be left to the historians. The average filmgoer, intent on entertainment, should find it in "The Buccaneer."

MIND-A-FIND
Fredric March plays Lafitte with expected dash and a fair restraint considering his swash-buckling role. His French accent, barring a few slips, is acceptable. In the heroine's role Paramount presents its new "find," Francisca Gaal, a little blonde of winsome charm with a flair for pathos and comedy that should prove profitable. Akim Tamiroff, as Lafitte's prime aide, is the picture-stealer as usual, but others in a remarkable cast contribute notably. The Andrew Jackson of Hugh Saxon shines with authority. Margot Grahame, in a sympathetic role for a change, has warmth and beauty, and Walter Brennan as Jackson's backwoods orderly is a delight. Ian Keith, Douglas Dill, Fred Kohler, Robert Barrat and a collection of the bloodiest, lustiest pirates Hollywood has seen further enliven the proceedings.

DeMille's spectacle finds its place in notable sequences depicting the American naval attack upon Lafitte's stronghold, and later in the Battle of New Orleans, where the pirates' vital part in protecting the city is admirably presented. Most thrilling sequence, however, is the dramatic assembling of the pirate clan, hastening in pirogues through the amazingly beautiful bayou country at Lafitte's call to arms. This, scored like the rest with George Antheil's music, is superb cinema.

BAD BUT FUNNY
Incredibly bad cinema is "Swing Your Lady." But having laughed through it its rowdy, heavy-handed humor and roustabout comedy we must report that it is a pretty good movie. Humphrey Bogart has a dumb wrestler, Nat Pendleton, on a barnstorming tour. One of the barns they storm is that of Louise Fazenda, a lady blacksmith. Then comes Love, and more fun than you expect. There's Eleanor Helm as the city girl who gets taken with jungle ways. It's Tarzan, all right, which always has been enough and should be this time. Then there's another Penrod number (with the Mauch boys) and a pleasant, unpretentious item called "Love is a Headache" with Gladys George and Frankfort Tongue and Mickey Rooney again proving that when better "kid" performances are given Rooney will give them.

CHAPTER 20
Never in Merrie's life had she been so infuriated. And after spending 20 years with the Smithson family in Riverbend, it was saying considerable.

Peachy bounded up to the desk. "She won't talk, huh. We'll find that secret drawer if it takes a leg," she muttered, poking among the shelves and small drawers. "Wa—this is loose."

Her finger touched an elaborately carved piece of wood which ran vertically between the shelves. There must be a spring—there's gotta be. She fumbled with the carved piece. "Where is the damn thing?" darting a questioning glance at Curt.

The officers tried unsuccessfully to find the spring. Curt's hands clenched on his knees. More than ever he seemed to be holding his breath. Merrie looked at him curiously, and he forced a smile to his twitching lips.

"I don't go for your sister much," Merrie observed. "Not in a big way, that is." The words were definitely edged with sarcasm.

Curt seemed not to hear her. He was straining every nerve toward the group around the desk. "Ah," said one of the policemen. "There she comes." Peachy gasped, a little sound of relief. Curt sprang to his feet. Merrie remained indifferent.

Now we'll see—Peachy stopped. Her face was ludicrous in its blank dismay. Her startled glance fairly leaped to Curt's face. The secret drawer was empty.

"Nothing here," said the man who had found the spring. "If you'll call to your maid, Miss Drake—I'd like to question her."

Curt's mouth was a grim line. His face took on a greenish pallor. Then, he made a last gesture. "I said you were wrong, Gwen. We won't go any further with this. Come on, let's go." He caught Peachy's wrist, and she winced.

"Let go of me, you fool," she grated. "Want to drop it?" asked an officer.

"Sure," Curt said. "I'm afraid my sister has made a mistake. Your sister, eh?" one of the men put in curiously. "Seems to me I've had the pleasure of meeting this young lady."

"Cut it out," Curt interrupted. "Thanks, fellows. Be seen' you." He ushered the law from Merrie's apartment. Then he rounded up the expostulating Peachy and guided her into the hall.

"I'm sorry, Merrie," he said. To him she was still the pot of gold at the end of a very illusive rainbow. "Will you forgive Gwen?"

Merrie laughed mirthlessly. "If she ever so much as speaks to me I'll call out the militia," she said.

Putting her head on one side, she regarded Curt steadily. "There's something very queer about this. I have the strongest suspicion that I've been framed, and I'm going to believe that you have been also. If I wasn't so sick and tired of seeing my name in the papers I would have your sister arrested."

"Merrie, darling . . ."

OUT OF MY WAY
"I mean it. Gwen can keep out of my way in the future unless she wants trouble." With that she closed the door.

Merrie dropped into a chair. Her head fell back and to one side. Not until then did she admit how badly frightened she had been. And even then she was not sure what had happened.

If she could have seen Emma in the kitchen she might have been enlightened.

With the slamming of the door Emma took a cereal box from the top cupboard shelf. She emptied the contents onto a newspaper.

The last thing which fell out of the box was an amber bracelet. She examined it closely.

"Ninety-eight cents in any dry goods store," she said to herself. "The little marks were put on with a pin. Empress Josephine, my eye. No use worrying Miss Drake with this. She's had enough to trouble her today. Anyway, she won't see that damn agate."

Emma unearthed a box. In it she placed the bracelet. Neatly she wrapped it. Carefully she wrote an address on the package. The amber bracelet was to return to its owner, Miss Peachy Low, at an address in Harlem.

MAY BE WRONG
"I may be wrong," Emma thought. "But I don't think I am. It's a good thing for Miss Drake that I saw her fussing around the desk the other day."

When Merrie, white faced and shaken, came to find her. "Have they gone?" Emma asked innocently.

"Yes, they've gone." Merrie leaned weakly against the wall. "What a day," she groaned. "Oh, what a day."

"Just a slice out of New York," the maid remarked. "Take it easy, Miss Drake, and don't trust anybody, that's my advice to you." "Not even Jim Blanchard?" Merrie asked wistfully.

Emma took her gently by the shoulders. "I think you can trust Mr. Blanchard," she said, and continued after an instant's hesitation. "I heard you making some sort of arrangements with the man from the Starlit Roof. I wouldn't do that, Miss Drake. You have plenty of money. Why run the risk of displeasing Mr. Blanchard?"

SUCH A MESS
"Oh, Emma, I'm in such a mess."

And while she rode to a new and obscure abiding place she was followed by a cab. Peachy Low knew Merrie's address before she had paid the driver. She went back to Curt and reported.

RADIANT SONJA IN NEW FILM

New Romance At
Broadway Theater

Theatergoers were jamming the sidewalks in front of the Broadway theater this week-end, where a Sonja radiant beyond imagining, reunited with her "One in a Million" sweetheart, is playing to crowded houses in her latest picture, "Happy Landing."

"Happy Landing," a show aglow with joy-laden wonder, winging from gay Noreland festivals to New York winter-time spectacles, is the main attraction at the Broadway theater with the beautiful Sonja Henie in the star lead. This new musical reunites the blonde girl with Don Ameche in romantic comedy.

It tells the story of a songwriter, played by Cesar Romero, who leads a modern orchestra band across the Atlantic for a publicity stunt and comes down in a Norwegian fog-bank, almost in the middle of a folk festival known as a "Bride's Fair." The trouble starts because of a custom which concerns a rule that if a young man dances twice with the same girl at the party, he has proposed.

The second attraction on the Broadway program is "City Girl," a dramatic thriller featuring Phyllis Brooks, Ricardo Cortez, Robert Wilcox, Douglas Fowley and other favorites. The story concerns a girl, who, to escape her poverty-stricken home, turns her back on her boy friend for a gang leader, who promises her everything worth while. Politics and rackets weave a tragic pattern for romance, until the story builds up to a smashing climax.

Jane Austen wrote six novels, all but two of which were published anonymously.

At Broadway Theater Today

Radiant beyond believing, Sonja Henie is shown above with her "One in a Million" sweetheart, Don Ameche, in a scene from her latest musical romance, "Happy Landing," now showing at the Broadway theater with "City Girl," a dramatic thriller featuring Phyllis Brooks and Ricardo Cortez.

Current Film at West Coast

Shown above are Edmund Lowe, Mae West and Lloyd Nolan in a scene from the glamorous new production, "Every Day's a Holiday," which opens an engagement today at the West Coast theater with "Danger Patrol," a dramatic story of nitroglycerine workers featuring Sally Eilers, John Beal and Harry Carey.

ASK THE HEN WHO LAYS ONE

Ask the hen who lays one. Chicken ranchers buying hatching eggs should know what kind of poultry stock is behind the eggs they purchase, according to Ross Crane, assistant farm advisor.

If the egg production of the flock is in the 175 to 200 per year group, Crane says, and the mortality is average or lower than average, the hatching eggs from such a flock is preferably to those obtainable from an ordinary group. Crane urges chicken ranchers to get acquainted with the chickens producing the hatching eggs before purchase is made.

Visitors to Kruger National park, South Africa's great wild life preserve, have been warned against alighting from their cars when photographing the lions.

JONES FAMILY AT STATE

Dad Jones brings home the toughest kid in town and Bonnie brings home a brand new husband! America's favorite family, the Joneses, not only borrows trouble, but pays it back with interest in the fun-bubbling, trouble-bringing picture, "Borrowing Trouble," playing at the State theater tomorrow through Tuesday.

Jed Prouty, Shirley Deane, Spring Byington, Russell Gleason, Kenneth Howell, George Ernest, June Carlson, Florence Roberts, and Billy Mahan are featured in their familiar roles in the Jones family circle.

Appearing on the same program is the picture, "Legion of Terror." Motion pictures have extolled the heroism of G-Men, the intrepid courage of fire fighters and sung the praises of the army, navy and marines. Almost every branch of government service has come in for its share of recognition by Hollywood. In "Legion of Terror" the United States postal inspector is in the spotlight.

This particular public servant has been visualized as a man whose uneventful life is occupied by routine or dull activities that have to do with records, figures and massive accumulation of dry facts. In reality, his life is sometimes as thrilling and dangerous as his brother the G-Man, as this picture reveals.

"Jungle Menace" (chapter 6) will also be shown on this bill.

BLONDELL IN 'STAND IN'

A chance to take a peek behind the Hollywood scenes—and laugh yourself happy—is provided by "Stand-In," the side-splitting Walter Wanger comedy, starring Leslie Howard and Joan Blondell at Walker's theater, Sunday, Monday, Tuesday and Wednesday.

Joan Blondell has her finest role as the "Stand-In" of the title, who helps the bewildered Mr. Dodd over the Hollywood hurdles, falls in love with him and makes him realize there are other things in life beside adding machines.

Humphrey Bogart plays the part of the genius producer who is struggling against the handicap of a fabulous foreign director and a glamour actress who are conspiring with a rival producer to wreck the company. Leslie Howard and Marjorie Shilton are featured players in the amusing film.

Picture's most famous soldier-of-fortune, stalwart Gary Cooper, comes to the screen again as an adventurer in what has been called the most powerful role of his distinguished career in "Souls at Sea," also playing at Walker's Sunday through Tuesday.

Cooper plays the hero of a true story, for the first time in his career. He re-enacts the role played in real life by a sea captain of the 40's, whose famous trial for manslaughter on the high seas is one of the ocean's most amazing and thrilling stories.

BOOK POWELL MUSIC-COMEDY

Starting Sunday, Feb. 6, the Broadway theater will screen the sensational new musical hit, "Hollywood Hotel," a picture critics and previewers say "made a hit in a big way."

Manager George King, in announcing booking of the new musical comedy, said that the picture is spectacular, eye-filling and crammed with hit tunes from start to finish, having everything that makes for top entertainment, including Dick Powell at his best.

Rosemary Lane is a sure-fire hit in this tuneful new comedy, with Lola Lane as a big surprise as a glamour girl; Benny Goodman and his famous swing band; Glenda Farrell at her most wisecracking peak; and the entire Hollywood Hotel radio show, including Frances Langford, Jerry Cooper, Raymond Paige and his orchestra, and Louella Parsons, famous newspaper columnist.

According to advance notices, the film version of the national radio program has caught the spirit of the radio hour, visualizing the Gold room more "orchidaceous" than the most imaginative listener-in could have imagined. The fun begins when Benny Goodman's orchestra escorts Dick Powell down to the train, where he's heading for Hollywood and movie stardom. However, Dick's role gathers momentum and he turns in one of his best performances as the small town boy who is first turned down and then boosted to stardom in a certain studio through the help of a pretty stand-in.

Cops Find Culprit Already Sentenced

Teletypes informed Santa Ana police that Herbert Harris was being held in Los Angeles for them on rubber check charges yesterday, so Sergeant J. F. McWilliams and Patrolman Tom Kinney went to get him.

Los Angeles jailers signed his property over to the local officers, were just about to turn the prisoner over, then made a big discovery: He'd just been convicted and sentenced to San Quentin.

After the teletype was sent, it seems, Harris pleaded guilty and was sentenced on Los Angeles check charges. He had been kept in jail pending his decision whether to "cop the plea" on four other counts, and jailers weren't told of his conviction.

To fight rising food prices the government of Costa Rica has been provided with legislative authority to buy, sell and import rice, corn and beans.

In Comedy at Walker's

Joan Blondell and Leslie Howard who take the leading parts in the laugh production "Stand In" appearing here Sunday, Monday, Tuesday and Wednesday.

New Flicker on State Screen

Marguerite Churchill and Ward Bond in a scene from "Legion of Terror" opening tomorrow with "Borrowing Trouble," another of the popular Jones Family stories.

NEW MAE WEST PICTURE HERE

As a gag-tossing, heart-breaking New York belle of the twenties, Mae West is just as you like her in "Every Day's a Holiday," which opens an engagement today at the West Coast theater. From her hilarious meeting with her first and horseless carriage on the Brooklyn bridge, to the final scene in front of Madison Square Garden where she stages a political rally to stop all political rallies, she is the bold, swaggering, riotous character always associated with the name Mae West.

In the story, which she wrote herself, Mae is the toast of the Bowery whose shady business dealings always keep her only two or three steps ahead of the police. Throughout the picture she is out of sympathy with the law and its servants. As she expresses it to her boy friend, the captain of detectives, played by Edmund Lowe, "You got me all wrong. I may crack a law now and then but I never broke one."

Dealing with a romance that flowers under the constant shadow of the death that hangs over nitroglycerine workers, "Danger Patrol," the second feature, brings Sally Eilers, John Beal and Harry Carey in the leading roles. Beal portrays a young medical student who takes up the life of a "soup handler" to earn money to complete his studies. Throughout the swift action runs a vivid delineation of the actual duties of nitro workers, and of their methods in bringing in new wells or extinguishing fires with deft application of a few quarts of the treacherous explosive. This realistic setting, and the ever-present danger of instant death as a result of carelessness, greatly enhances the drama and contrasts strongly with its love story.

Selected short subjects include the latest release of the popular March of Time, giving the news behind the news, and World News events.

Broadway Books Two New Films

Booking of two new films, "She Married an Artist," and "Love Is a Headache," to show at the Broadway theater starting next Wednesday, was announced today by Manager George King of the Broadway.

An extraordinary bit of news today is the fact that a foreign actress, in her first Hollywood-made picture, has not been asked to run the gamut of despair, register terror, disillusionment, joy, wistfulness, and passion in rapid succession, and top the whole thing off by a languid flutter of the eyelashes. The player who has been fortunate enough to avoid all this is Luli Deste, the Viennese actress, who good-humoredly makes her American debut in the charming romantic comedy, "She Married an Artist."

The second attraction will be "Love Is a Headache," with a fine cast including Gladys George, Franchot Tone, Ted Healy, Mickey Rooney, Frank Jenks, Ralph Morgan and Virginia Weidler.

BOWES VARIETY AT WALKER'S

Coming to Walker's theater stage Monday only, will be ten acts of vaudeville, a unit of Major Bowes fascinating troupe.

Headliners include Danny Grayson, comedy tap artist; Sol Strauser, plump opera singer, and Charles Hixon, who plays a combination accordion and xylophone. Grayson mimics the incomparable Will Mahoney. His falls, funny tapping rhythms and quick changes of style are excellently done and have been well-received elsewhere, according to critics.

Another highlight of the program will be Gordon Mackay, a Porto Rican, tenor. A novelty act is a "genuine" Swiss bell ringer whose name is William McChelough. Many other acts of vaudeville in addition to the aforementioned which have thrilled audiences all over the United States are featured on the program.

Traffic in the Suez canal totaled 18,546,000 net tons in the first six months of this year, 15.6 per cent more than in 1936 and a record for many years.

HIGHLIGHTS Journal's Newsreel NOW SHOWING AT THE Broadway

WASHINGTON—The President's drive against infantile paralysis. Mr. Roosevelt is the first to enroll in the National Foundation campaign to fight the dread disease that strikes at children. And, in Hollywood, Eddie Cantor promotes aid of movie and radio stars. Shirley Temple is on the spot to do her bit.

QUEBEC—Forty-five burned to death as flames destroy college in Quebec. Fire sweeps 60-year-old College of the Sacred Heart in Canada, taking a tragic toll of pupils and priests in school disaster.

CROWN PRINCE PAUL of Greece marries Princess Frederika Louise of Brunswick in a ceremony attended by European bluebloods.

KING PETER II, the boy monarch of Yugoslavia, observes an old custom of realm, celebrating holiday by scattering grain.

PRINCE NICHOLAS of Rumania, exiled by brother, King Carol, for marrying a commoner, skis with woman he loves—in Austria.

FASHIONS FOR MEN—You girls can take a back seat while we forgotten men look over the smart styles, the very latest, mind you, in masculine wear.

NEWSLETTERS—Oh, boy, Looney Lens Lew focuses his eye lenses on beauties at a citrus fiesta, and does he get an eyeful-of grapefruit juice!

MAINE—Yachting enthusiasts find the perfect substitute for a summer sport, speeding iceboats over frozen Lake Umbagog.

THE ALPS—Everybody's doing it—even the kids learn the art of skiing in fact, it's the most popular study in school.

AUSTRALIA—While Jack Frost holds court in northern climates, "down-under" the season is fine for thrilling surf riding.

'Buccaneer' to Open at W. C.

A colorful and romantic story of the notorious pirate, Jean Lafitte, who joined forces with the United States during the war of 1812 and helped General Jackson win the battle of New Orleans, is brought to the screen in "The Buccaneer," which opens at the West Coast theater next Thursday with "Missing Witness," it was announced today by Manager George King.

Frederic March, playing the role of a swashbuckling pirate chief who becomes one of the heroes of New Orleans only to lose everything because of an ancient crime,

is the star of "The Buccaneer." He is supported by an able cast, including Francisca Gaal, the glamorous importation from Budapest, Margot Grahame, Akim Tamiroff, Walter Brennan and Ian Keith.

How a big city was cleared of its racketeers by honest investigators and honest prosecutors is the theme of "Missing Witness," melodrama featuring John Littel, Dick Purcell and Jean Dale. The picture is an authentic exposition of the terrifying process of getting witnesses out of the way who might testify damagingly against desperate crooks. The picture has many thrilling episodes surrounding a murder mystery, and also has plenty of romance, and considerable comedy.

Bemises Give Dinner Dance Party Prior To Dance Is Enjoyed By Group

With the season for winter formal drawing to a close in proper style, last night's Country club monthly dance proved to be a gala affair, for a blaring orchestra, the beating rain outside, and popular tunes from Lee Mann's orchestra added lightness and music to the occasion.

In the absence of Mr. and Mrs. Riley Huber and Mr. and Mrs. Bob Fernandez, Mr. and Mrs. Roy Langley were alone in their duties as host and hostess, greeting guests in the flower-decked foyer. Prior to the affair Mr. and Mrs. Lawrence Bemises entertained at a dinner party in their attractive home, serving guests in buffet style. It is the first of several similar affairs which they plan to give during the early spring.

Their guests included Mr. and Mrs. Arthur May, Mr. and Mrs. Roy Langley, Mr. and Mrs. E. D. Holmes, Jr., Mr. and Mrs. Bennie Osterman, Mr. and Mrs. Paul Hall, Mr. and Mrs. Dean Collier, Mr. and Mrs. Richard Ewert, and Mr. and Mrs. Claude Knox.

Mr. and Mrs. Philip McVicker were also hosts at an informal party, having as their guests Mr. and Mrs. George Walker, Mr. and Mrs. Robert Guild and Mr. and Mrs. Robert Miller. Many other couples dined at the clubhouse before the dancing hour.

MISS DOUGLAS HOSTESSES BRIDGE CLUB

Miss Effie Douglas entertained members of her dessert bridge club yesterday afternoon, and used a unique form of decorating her home at 646 North Broadway for the occasion.

The dining table had a colored paper foundation on its lace cloth with a centerpiece of a large, oval-shaped gourd. Thistle tops of artichokes, avocados, and red and green leaves were spilled across the table from this. In the living room was a Dutch cathedral built from the pointed leaves of century plants on a brown pottery plaque. Before it were two tiny figures in a reverent attitude.

Mrs. Lawrence Wakeham brought bouquets of white hyacinths and baby orchid iris to add to the lovely decorations. Small tables were set for the dessert course, with tiny favors of Holland scenes framed in gold. Gifts were distributed for the annual bestowing of prizes for accumulated high scores.

Present were Mrs. Lawrence Wakeham, Mrs. Florence Smith, Mrs. E. D. Hindley, Mrs. C. E. Dessery, Mrs. E. P. Rogers, Mrs. Clarence Skiles, Miss Margaret Orr, Miss Blanche Armstrong, Miss Nina Smith, Miss Effie Douglas and two guest substitutes, Miss Pauline Parsons and Mrs. Sarah Douglas.

WARREN FINLEY HAS BIRTHDAY CELEBRATION

Joint birthday anniversaries of Wendell Finley and his son, Warren, resulted in a gay birthday party yesterday for Warren, when a dozen young friends gathered to celebrate his sixth natal day.

A patriotic color scheme was carried out by Mrs. Finley, who decorated two tables in red, white and blue, and adorned Warren's birthday cake with a gay flag and his name in fancy icing.

A story hour delighted the children after presents had been unwrapped with Mrs. Finley reading favorite tales, old and new.

Guests of Warren were Jimmy Utt, Jimmie Harrison, Buddy Manker, Dickie Merker, Dickie Cameron, May Sherwin, Jean Coulson, Nancy Bascom, Cabell Finch, Leonard Finley, Jr., and Walden Leeling.

Colonel and Mrs. S. H. Finley entertained at dinner last night for their son, Wendell Finley.

DOCTORS' WIVES POSTPONE MEETING

Postponement of a meeting of the auxiliary to the Orange County Medical association scheduled for the first Tuesday of February was announced today. In order that it may be attended by the state president, Mrs. Hobart Rogers of San Francisco, and by the state president, Mrs. Hobart Rogers of San Francisco, and by the state president, Mrs. Hobart Rogers of San Francisco, the meeting will be held instead on Feb. 21.

MRS. ANDERSON BRIDGE HOSTESS

Fragrant sweet peas and white hyacinths from her own pretty garden were used to center luncheon tables yesterday afternoon when Mrs. Lyle Anderson entertained her fortnightly bridge club.

After a session of contract, high score prize was presented Mrs. Ernest Gould, and Mrs. Richard Ewert invited the group to be her guests on February tenth.

Guests of Mrs. Anderson were Mrs. Fred May, Mrs. Major Anderson, Mrs. Basil Shifflett, Mrs. Ernest Gould, Mrs. Clyde Hill, Mrs. C. W. Hill, Mrs. Richard Ewert, and Mrs. Victor Walker.

Dinner Dance Party Prior To Dance Is Enjoyed By Group

Executive board members from Santa Ana Junior college, who are semi-annually entertained with a delightful evening's party in Los Angeles, enjoyed a dinner dance last night at the Beverly Wilshire. Music for the dancing was provided by Ted Fio Rito's orchestra, with the Big Apple offering a special attraction for the local dancers during the evening.

Mr. and Mrs. Calvin Flint and Mr. and Mrs. John H. McCoy were patrons and patronesses for the dinner dance. Mrs. Flint was in a striking black velvet gown, while Mrs. McCoy wore white tulle. Members of the executive board of the Associated Students and their guests present were Miss Elaine McReynolds in black lace, Miss Eleanor Wilcox of Pasadena in white satin, Miss Betty Holmes in black and silver tulle, Miss Ethel Chaffee in gold tulle, Miss Helen Lowe in black tulle, and Miss Virginia Sheppard in black velvet.

Others present were Al Pickhardt, retiring president of the Associated Students, Art Salisbury, Carl Aubrey, Lawrence Trickey, Dick Phillips, and Bud Knoff.

SURPRISE PARTY GIVEN FOR MRS. POWERS

Mrs. D. W. Ellis and Mrs. Charles Cook collaborated as co-hostesses recently to compliment Mrs. Calvin Powers with a birthday surprise party at the Ellis home on Fairview road.

The home was decorated with lovely Christmas cacti from Mrs. Ellis' own garden. The evening's diversion was pinocle, with Mrs. Calvin Powers and Mrs. Charles Cook winning high and low ladies' prizes. Raymond Marsile and Charles Cook won high and low scores for men.

A buffet supper was served early in the evening, and the celebration proved to be a most enjoyable one. The evening's diversion was pinocle, with Mrs. Calvin Powers and Mrs. Charles Cook winning high and low ladies' prizes. Raymond Marsile and Charles Cook won high and low scores for men.

Guests present were Mr. and Mrs. Calvin Powers, Mrs. Elizabeth Marsile, Mr. and Mrs. Raymond Marsile with Raymond Jr., and Ronald Marsile, Mr. and Mrs. Harry McCoy, Jack Atwood, Mr. and Mrs. Frank Calkins, Mr. and Mrs. Martin Christiansen, Mr. and Mrs. Charles Cook, Mr. and Mrs. D. W. Ellis, Miss Ruth Ellis and Miss Gertrude Ellis.

TRAVELER IS ENTERTAINED AT DINNER

Dr. and Mrs. R. G. Morgan entertained at dinner on Thursday evening in their home, 221 South Main street, to honor Miss Nancy Cleaver of Los Beach, who has just returned from a seven months' tour around the world.

The guests were seated at a table spread with an embroidered grass linen cloth, and centered with a three-branched holder containing white tapers and ivy. During the evening, Miss Cleaver told the group of her experiences, including viewing parts of the war in Hong Kong. She was on the same steamer to Manila with a group of refugees, when the boat was almost starved.

Included among the guests were Miss Lydia Dornbush, Miss Lucille Mun, Edward Sheeran, Howard Anderson, all of Long Beach; Mr. and Mrs. Carl Monahan; Mr. and Mrs. Morgan, of Santa Ana.

WOMAN'S CLUB SPEEDS PLANS FOR DINNER

Plans are going apace this week for the annual birthday dinner of the Santa Ana Woman's club, which will be held this year in Veterans' hall at 12:30 p. m., Tuesday, Feb. 1.

Miss Ruth Kikuchi, talented Japanese girl, will offer several charming musical selections, and pertinent talks will be delivered by Mrs. David Fraser of San Diego, state federation president, and Mrs. E. E. Smith, district chairman of ethics.

Mrs. R. A. McMahon will preside at the dinner and has requested all hostesses to be in the receiving line before the event begins.

MRS. HONER IS HOSTESS

Mrs. Allison Honer opened her home on West Santa Clara street last evening to members of the Hoover P. T. A. Child Study circle, serving a dainty refreshment course after the program.

Mrs. Earl L. Morris, author of several well known treatises on child development, discussed growth of character development in children, and was introduced by Mrs. John J. Vernon, president of the P. T. A.

Present were the Mesdames E. D. Froesche, Stanley Reinhaus, Leon Lauderbach, John J. Vernon, A. L. Randall, Earl Morris, E. H. Irwin, Martin Hall and C. M. Gilbert.

Quintet of Jaysee Co-ed Leaders

Elections last week resulted in these five misses being named heads of Santa Ana Junior college's five women's service clubs. In the center (Rabe photo) is Mary Knoche of the Moavs. Upper right (Le Dru photo) is Catherine Eklund of the Spinsters. Upper left (Le Dru photo) is Helen Lowe of Las Meninas. Lower left and right, respectively, (Le Dru photos) are Muriel Snyder, president of Piloteers, and Helen Warner, president of Las Gitanas.

CHAT AWHILE with BETTY

Many of you have heard that old cycle theory of mine propounded by the tactful Betty!—have thought of it yourself many times. You know, the one founded on the superstition that bad luck always strikes thrice, or good things come in threes, or however you want to phrase it.

Over and over again it's noticeable on the society desk. One "set" of people will be written up almost ad infinitum. There will be a run on brides—on fashion shows—a run on cocktail parties—and more than anything, a run on names. It's vicious, but inevitable—so all we can do is accept it philosophically and wait for the change that's sure to come.

This week dances and entertainments seem to be popping up. There was the President's ball Thursday and the Country Club dance last night. Next week is Tux and Gown—on the twelfth comes the celebrated Laguna Artists' ball—and near the hatchet-and-cherry-tree day comes the annual Military Ball. And they all have to be mentioned over and over again. Because they're important to huge groups of people, to whom you, or you, may or may not belong.

By the same token there are concerts and lectures. Outstanding in Santa Ana will be the Bartlett-Roberts dual-piano concert next Friday at the high school auditorium. World-famed artists, the two should be heard.

And a tip for those with Boy Scout-minded sons, nephews, brothers, and their ilk—the great and incomparable Ernest Thompson Seton will lecture next Thursday at Bowers Memorial museum.

It's an outstanding treat, too—and one for old and young alike. His topic will be "Rhythm of the Red Man," and his wife will sing Indian songs in costume. He's such an outstanding American, historian, painter, philosopher, and author, that I'll think gentle Bessie Randall Coulter, the museum's curator (who always somehow makes me think of exquisite porcelain)—in likening our museum to a "jewel in a box."

But enough of such impersonal attractions. The cycle goes on in many other ways—Mexican trips, for instance. There's positively a plethora of them. Latest to be heard of are the Roscoe Hewitts, who are down there now, and ditto the Hugh Lowes. And barely do we hear that handsome Mr. and Mrs. J. A. Smiley leave on a "sugarmoon" in Florida (celebrating their golden wedding anniversary) but that we learn of a similar trip planned by charming Catharine and David Howell, who, however, haven't nearly reached that golden date.

The Howells are taking an extended trip to the Deep South, Florida, Washington, Atlanta—and ultimately New York. By the way, their week-end guests recently were Mr. and Mrs. Jack Ramsey of Toronto. Mrs. Ramsey was formerly Mrs. Jess Goodman of Santa Ana, and her many former friends will probably be glad to learn they can get in touch with her at The Castle Argyle apartments in Hollywood during the next two weeks.

Amusing decoration note of the week: Ice cream served with Christmas bell centers instead of Valentines at P. A. N. Hellenic's monthly meeting. There was a slip somewhere!

Dat ol debil flu is working his way very insidiously into our midst, and by the word comes of folks down and out. Latest and most acute case is that of Maurine Mathis Croddy, who is in bed for a month with nurses and all.

Here and there sparkling Mrs. B. J. MacMullen couldn't get the proper artistic paint she wanted for a new fence to surround her Heliotrope Drive home, so she calmly invented one. Elaine Williams can be glimpsed any of these mornings making boulder-patterns in her garden, obviously to be filled in later with posies. The Wilbur Barrs are still future sampling. The Alison Honers have bought the charming Heber Fowler ranch on West Santa Clara street some time ago, are furnishing it all in Early American. Their latest acquisition is a gem of an old square piano.

Other moving incidents of the week: Was it just a rumor that those charming people, the Emil Wagners, are moving into a new home? Or that painters and fixers are working on the hillside hacienda formerly occupied by the Braden Finches preparatory to its being bought by the charming Heber Fowler ranch on West Santa Clara street some time ago, are furnishing it all in Early American. Their latest acquisition is a gem of an old square piano.

Shucks—I know I've promised that race-track epic for a long time, but honest, Jimmie—honest, Joel—Eddie, and the rest—I just can't think of one better than that long and choice one of Damon Runyan's.

MOCK SHOWER SURPRISES MRS. UNDERWOOD

In a merry surprise party, a group of friends called at the home of Mrs. J. M. Underwood, 1211 West Third street, on Thursday afternoon to compliment her with a mock "etork" shower.

The guests took with them refreshments, which were served late in the afternoon, and many humorous gifts occasioned by Mrs. Underwood's tiny wash cloth dolls presented her as a gift recently. Sewing and pleasant chatting filled the evening hours.

Those who called to compliment Mrs. Underwood were Mrs. Helena Buner, Mrs. Luella Wornock of Porterville, Mrs. George Krook, Mrs. Minnie Gilbert, Mrs. William White, Mrs. Wallace Gibson, Mrs. Ethel Paul, Mrs. Edna Smith, Mrs. Evelyn Johnson, Mrs. Urcell Underwood, Mrs. Ford Underwood, Mrs. Fum Underwood, Mrs. Basil Underwood, and David and Barbara Ann.

PHI SIGMAS DANCE IN LOS ANGELES

About 30 Santa Ana couples will drive to Los Angeles this evening to attend the annual mid-winter dance of Delta province, Phi Sigma fraternity, being held in the Rendezvous room of the Biltmore hotel.

The affair will be semi-formal, and in addition to members of the local Alpha chapter will be couples from Los Angeles, Long Beach, Alhambra, Pasadena, and Glendale. Glenn Gilmore's Pacific Coast club orchestra will play for the dancing.

Plans are being made for Founders' day celebration to be presented by the Los Angeles chapter on March 26. Other arrangements are under way for a formal dinner dance tentatively scheduled for May 7 in the Mayfair hotel.

A columnist's creed on a small paper entails printing the best news possible as quickly as possible, not violating secrets, respecting confidences, and trying to entertain everyone without hurting anyone. Occasionally there's a slip—mistaken humor, or something similar. But it certainly isn't violating trust or confidence to relay to others what has already been publicly announced to a dozen people. Or am I just obtuse?

Post-collegian rumor hath it that one Vern Manderscheid is hearing the warning note of wedding bells. And imagine the incredulity of friends of Walt Hickman and Viola Rentschler, after double-dating with them for weeks, to learn they'd been married all the time.

Observation: Things uttered by, don't always fall on deaf ears. . . .

Shucks—I know I've promised that race-track epic for a long time, but honest, Jimmie—honest, Joel—Eddie, and the rest—I just can't think of one better than that long and choice one of Damon Runyan's.

DAUGHTERS, SONS ENJOY MONTHLY DINNER

For their monthly joint potluck dinner, both Sons and Daughters of Union Veterans met last evening in the Modern Woodmen hall for an informal evening's entertainment.

About 40 persons were present for the dinner and program which followed. Special guests for the evening were the Rev. and Mrs. Louis Alan White, and Mr. and Mrs. G. J. Woodrow of North Platte, Neb., who are visiting with Mr. and Mrs. Perry Groat here.

Accorded solos were played during the program by Arthur Wilde, and vocal selections were offered by Miss Lenore Marchant with the accompaniment of her aunt, Miss Mildred Marchant. A special feature of the evening was the presentation of a lovely birthday cake to Mrs. Bert Bell by Mrs. Perry Groat.

Sons of Veterans were in charge of the kitchen last night, with the committee including Perry Groat, Fred Miller and Mrs. Bell substituting for Bert Bell. In charge of the program were Mrs. Florence Dunn, Mrs. Jessie Hoagland and Mrs. Florence Perry.

HOCKADAYS ARE DINNER HOSTS

Spring flowers and harmonizing tall tapers provided a charming table decoration for the dinner table last evening when Mr. and Mrs. R. N. Hockaday entertained members of their dinner club in their home, 2025 North Broadway.

The evening was spent in playing parlor games and informal chatting. Taking part were Mr. and Mrs. C. W. Harrison, Mr. and Mrs. Logan Jackson, Judge and Mrs. Kenneth Morrison, Mr. and Mrs. Frank Harwood, Mr. and Mrs. Joe Peterson, and the host and hostess.

In part it goes like this, and it's no joke that "I've bet and won and I've bet and lost and when all is done I'm sure of one thing and only one—"All Haws Players Must Die Broke."

HEARTFELT PRAYER
Dear Lord please never let me be over at Banning, and latest account of a city organ recorded that they'd crashed that exclusive organization, Jo Alderman's Salon.

Did you notice that the sound-effects of "Hurricane" were credited to one John Noyes?? Cute, don't you think?

Dana and Virginia Lamb are going rapidly to town, as the saying goes. Four lectures in one day over at Banning, and latest account of a city organ recorded that they'd crashed that exclusive organization, Jo Alderman's Salon.

Bob Miller, chili magnate par excellence, is planning a little trek into Canada, and promises his wife a set of dishes to soothe away her loneliness.

Janet Diehl says that the confusion following E. C. and C. B. Diehl has gone on for years. Her family (the E. C.'s) have gotten the others' mail, their packages, their flowers, their telegrams, and as a climax this week they got their callers.

It was really embarrassing for pretty Mrs. Elsie Diehl to be greeted at the door by two charming ladies who queried, "Mrs. Diehl?" . . . and came in to make an hour's conversation. She didn't know them and they didn't know her, but obviously they didn't know the Mrs. Diehl they thought they were calling on either, and she was on a spot.

Unfortunately, I never did hear the solution to her predicament. Isn't that an anti-climax?

Anti-climax, too, resulted in Vic Walker's being anti-Bemis this past week. Vic says Lawrence B. had been after him for weeks to bring "Jungle Princess" (Dorothy Lamour's first picture) back to Santa Ana, so he could see it. Finally Vic made a super-colossal effort and showed it for two nights—called Larry about it two weeks in advance—and then The Bemis didn't show up to see it after all.

Speaking of the Walkers, they've moved back to town from the beach—bought a new house on Heliotrope Drive, and for two months have been camping, waiting for their carpets to be delivered! Mrs. W. looked very picturesque at last night's Country Club dance, in black and emerald velvet with her hair way up high on her head.

Agogness of the week: all the people who are expecting vivacious little Mrs. D. K. Hays to drop in momentarily, and don't know just when it will be—she sailed from Europe three weeks ago.

And Frances Fernandez is positively dazed-eyed over her first public appearance in more than two months after a long hospitalization. She's actually going to a movie today!

I'm actually going to be in dutch if this copy isn't turned in—you know our most ominous poem around these parts goes like this: If I don't make the deadline! I'll sure make the headline! So until next Saturday—

BETTY GUILD.

Fashion Tea Planned By Spinsters

Outstanding among the many social affairs planned by students at Santa Ana Junior college will be the annual fashion tea which members of Spinsters, women's service club, will sponsor on Friday, Feb. 18 in the Santa Ana Ebell clubhouse.

Spinsters will present the show of current vogues in the fashion world as their part in the yearly drive on the junior college campus for contributions for the student loan fund, to be used for students planning to continue their college career after graduation from the junior college.

Many prominent local merchants will provide the costumes to be modeled by 12 of the Spinster members. Fashions will vary from sports costumes to formal dinner gowns.

Tickets have been placed on sale by all Spinster members. The affair will begin at 1 o'clock with many tables of bridge in play during the afternoon. The show will be presented at 3 o'clock and tea served from 3 until 5.

Miss LaVonne Franson, president of Spinsters during the past semester, and Miss Catherine Eklund, who will head the group for the coming term, are uniting in planning the affair. They will be assisted by committee heads which will include Miss Mary Henderson in charge of tickets, Miss Irene Krisher, who will arrange decorations; Miss Audrey Sattler, who will preside over tea arrangements, and Miss Phyllis Kogler, who will be head of the fashion show.

Also assisting the Spinsters in their preparations will be Miss Hazel Dawson and Mrs. Grace Knipe, advisors for the club.

LOVELY TEA CLIMAXES RECEPTION

Adding special charm to the reception on Thursday evening which complimented Dr. C. E. Holman, new pastor of the First Methodist church, Mrs. Holman and their daughter, Miss Marjorie Holman, was the pretty informal reception and tea in the social hall. Baskets of sweet peas, stocks, and lilies in pink, white and orchid shades were massed about the rooms. On the tea table was a lace cloth with silver and crystal service, and a centerpiece of the pastel flowers with tall pink and white tapers. Petit fours carried out the same delicate color motif.

In charge of this phase of the entertainment were Mrs. E. C. Franson and Mrs. M. R. D. Lawrence and Mrs. W. H. Guthrie as special assistants. Also assisting were Mrs. G. E. Bruns, Mrs. Ray Snyder, Mrs. Sam Long, Mrs. A. O. Kittleson, Mrs. D. M. Forbes, Mrs. Clarence Van Deusen, Mrs. E. D. Froesche.

At the door to the social hall were Mrs. R. I. Matthews in blue with metallic blouse and Mrs. Clarence Bond in rose lace to receive the several hundred guests. Presiding at the tea urns were Mrs. O. H. Barr, Mrs. John Bower, Mrs. Clarence Bond and Mrs. Charles Blackburn.

JUNIOR EBELLES WILL HEAR SOUTH AMERICAN

Senora Elvira de Borja, wife of former Consul-Gen. Ulpiano de Borja of Seattle and San Francisco, and member of a prominent Ecuador family, will be featured as guest speaker at Junior Ebelles' monthly meeting next Tuesday evening.

She is a beautiful and charming woman, and has been lecturing up and down the coast for the past two years, seeking to bring about a better understanding between the people of North and South America. One of her outstanding accomplishments was the organization of El Salon Espanol in Los Angeles, a rendezvous of many distinguished foreigners visiting in the Southwest.

Senora de Borja will be introduced by Mrs. Robert Guild, program chairman. Important business is also slated for discussion. Mrs. Albert Harvey, president, announced today. Of principal interest will be plans for the annual spring fashion show and benefit bridge party.

BRIDGE CLUB ENJOYS ALL-DAY SESSION

An entire day of bridge playing was enjoyed yesterday by a group of friends who gathered in the home of Mrs. Herbert Allemen, 202 West Eighteenth street, for one of their customary informal parties.

The group gathered at 10 a. m. and played until 3 p. m. with a brief interruption for luncheon served by the hostess at a table pretty with bowls of pink sweet peas and blue daisies. High score is kept at each of the bi-weekly parties, and the losers entertain the others and their husbands at dinner.

Guests of Mrs. Allemen were Mrs. Harold Wahlberg, Mrs. Roland D. Flaherty and Mrs. Max Cory.

Recent Rites Revealed at Party

Coming as a happy surprise to their many friends was the sudden announcement last evening that Miss Elizabeth Ann Woods had become the bride of Robert Eric Ennis during nuptial rites performed in Yuma, Ariz., on Saturday, Jan. 22.

Occasion for the announcement was a party given by the mother of the bride, Mrs. Nell M. Woods in her home, 807 North Broadway. The bride told the group of romantic details of the surprise wedding, explaining that her brother-in-law and sister, Mr. and Mrs. C. E. Crumrine, Jr., had acted as best man and matron of honor for the ceremony.

The bride wore a navy blue ensemble with a corsage arrangement of gardenias for the nuptial rites.

The Woods home had been decorated with bouquets of white stocks and red poppies for the party. Mrs. Woods wore a gown of wine crepe for the occasion, and the new bride was in an ensemble of navy blue crepe with print blouse. Both wore gardenia corsages, gifts of the bridegroom.

Games of cards occupied the evening hours. Mrs. D. W. Kelsey won a turquoise pottery vase as high prize at bridge, while Mrs. Curtis Pearson was awarded twin cut glass vases for hearts. Refreshments were served at the small tables.

Guests included Mrs. T. McDonald of Anaheim, Mrs. C. E. Crumrine of San Juan Capistrano, Miss Jeanne Bishop and Miss Marjorie Wakeman of Garden Grove, Mrs. Minor Whitford, Mrs. D. W. Kelsey, Mrs. Paul Whitford, Mrs. C. E. Crumrine, Jr., Mrs. Robert E. Ennis, Mrs. Curtis Pearson, Miss Helen Logue, Miss Mildred Tummond, Miss Jeanne Paxton and Mrs. Catherine Herr, all of Santa Ana.

The bride is a graduate of Santa Ana High school and Junior college, where she was a member of Las Gitanas women's service club and Alpha Rho Tau, art society. For the past two and a half years she has been a student at the Art Center institute in Los Angeles, where the bridegroom studied photography.

Mr. Ennis is the son of Mr. and Mrs. John W. Ennis, Jr., of 1725 Wellington road, Los Angeles. He received his earlier education in Arizona. The young couple will go to Los Angeles to make their home.

LEE ELECTED HEAD OF S. E. A. GROUP

Symbolized by a wooden motif carried out through colorful decorations, the fifth anniversary of the Safeway Employees association was observed by the local group on Thursday evening when the members held their annual dinner dance and election of officers.

C. S. Lee of Brea was elected to head the association during the coming year, when the party gathered in Veterans' hall, setting for the affair. Others elected to serve under Lee for the coming term are G. W. Serr of Orange, vice president; A. B. Muller of Santa Ana, secretary; A. T. Phillo and H. T. Manery, both of Santa Ana, financial chairmen; G. L. Boardman of Fullerton and L. E. Berkey of Anaheim, social chairmen, and E. A. B. Smith, executive director.

Retiring officers in the association are M. W. Ball of Santa Ana, president; C. S. Lee, vice president; P. G. Kilburn of Santa Ana and F. A. Driesbach of Fullerton, financial chairmen, and L. C. Herron of Anaheim and C. L. Boardman of Fullerton, social chairmen.

Masses of flowers throughout the hall made a festive background for the turkey dinner served by the Legion auxiliary and for the evening of dancing that followed to the music of Lee Mann's orchestra. Clusters of bright balloons were released over the heads of the dancers later in the evening.

Red and yellow was the color motif chosen for the dinner table and carried out with yellow candles and bright red flowers. Tall tapers were in the same gay colors. The rest of the appointments, even to the cake, were in wood, for shavings had been arranged in designs along the table. A few wooden dishes centered the tables with wooden candlesticks. In charge of decorating the hall were Mrs. E. A. B. Smith, Mrs. H. T. Manery and Mr. and Mrs. M. W. Ball.

Following the election, the 175 members and their wives present were led in community singing by Ross Farley of Oakland, national vice president of the association. Other honored guests of the local group during the evening were Miss Ida Bristline of Los Angeles, president of the Southern California Safeway association, and Mr. and Mrs. Charles Welton, also of Los Angeles.

MONTHLY MEETING
Auld Lang Syne Group will have its monthly all-day meeting Wednesday at the home of Mrs. J. H. Northrup, 1013 North Broadway. Any friends interested in sewing for the needy are welcome to attend, and contributions of old clothes and materials will be appreciated.

OLD CLASSMATES ENJOY ALL-DAY REUNION

Another pleasant day of reminiscences and singing, their old school songs were enjoyed by all. The Ye Auld Lang Syne club when they met this week at the home of Mr. and Mrs. John C. Mitchell. The club is composed of classmates who attended Garden Grove in the '90's.

A covered dish luncheon was served at noon, on tables beautifully decorated with masses of hyacinths and violets. Special guests of the club were Mrs. Harzer, Mr. and Mrs. Alva Miller of Iowa, Dr. W. B. Hill of Lone Beach, George Abrams of Redondo, Mrs. Belle Hawkins Abrams of Redondo, Mrs. M. J. Montello, Clinton Small of Whittier, Mr. and Mrs. Joe Tru of Garden Grove, Harvey Newsum, Edward Chaffee, Mr. and Mrs. W. B. Newsum of Rivera, and Miss Nancy Silkwood, Turner Whittier.

Whittier.

Members present included Mr. Rose Hill, Mrs. Edith Lane, and Mrs. Fannie Newsom of Long Beach; Mrs. Grace Finn, Mrs. Emma King Wassum, and Miss Percy Head of Santa Ana; Mrs. Carrie E. Small of Whittier; Mrs. Effie L. Kelly of Irvine, and Miss Mettie Chaffee, Mrs. Agnes Starley, Mrs. Estelle Harper, Mrs. Elmer Nichols, Mrs. Mina Newsom and Mrs. Carrie Chaffee of Garden Grove.

PASSION PLAY TOMORROW

Santa Anans will have an opportunity to witness their "own" production of the world-famous Oberammergau Passion play tomorrow night when Robert DePree and Lyssa Ayer bring their English version of the classic to the First Methodist church, Sixth and Spurgeon streets, at 7 o'clock.

This is the production that was given its first presentation in the Methodist church here on Easter night, 1933. Since that time, Mr. DePree and Miss Ayer have been granted the English rights to the play from the city of Oberammergau and have taken it on the road every Lenten season, showing in churches exclusively from coast to coast.

It is estimated that over 100,000 persons in 83 American cities have seen their production, according to Miss Ayer, the director. A number of Santa Anans are included in the cast, including the fourth consecutive year for Harry Layton, who portrays the role of Dathan, the high priest. Bruce Buell is in his third year as Peter, and although absent from the cast for several seasons, Arthur Casey is seen as Pontius Pilate, showing in the first presentation six years ago.

Robert DePree is seen as Jesus of Nazareth and E. B. DePree as Judas Iscariot. Special music, lighting, and costumes are features of the presentation.

Dr. C. E. Holman, new Methodist pastor here, will deliver the morning sermon at 10:40 a. m. on "Religion—Heritage or Adventure."

The first official flag of Texas was a single gold star in a blue field.

'Fascism' Topic Of Rev. Budlong

"Have We Fascism Already?" is the title under which Orange county's problems are to be considered at the Unitarian church tomorrow by the Rev. Julia N. Budlong in her 11 a. m. sermon. "Eternal vigilance is the price of liberty," quoted the pastor in announcing her subject, and the watch tower for civic freedom must be the pulpit of the free church.

EGYPT, TOPIC FOR SERVICES

Dr. Charles Russell of Assiut college in Assiut, Egypt, will deliver an informative and vital address on "Moslem Folk of Egypt—A Challenge and an Opportunity," at 7 p. m. tomorrow when he is chief speaker for the third session of the annual school of world missions at the United Presbyterian church, Sixth and Bush streets.

The lecture will follow the 5:30 p. m. period of light refreshments, announcements, and brief worship period and the 6 p. m. five study groups, which are using the topic "The World and the Missionary Enterprise."

Dr. Russell has for a score of years been the head of Assiut college, one of the greatest of the Christian Educational institutions of the entire Moslem world. This college is under the direction of the American Mission of the Land of the Nile, and has educated hundreds of young men of Egypt, who are now in responsible positions in that land.

Dr. Russell is spending this year as his furlough in America and will be in Southern California filling speaking engagements for the next three weeks.

McCombs to Talk At Church Supper

Dr. Vernon M. McCombs, superintendent of the Latin-American mission at Los Angeles, will speak Monday evening at the First Methodist church, Sixth and Spurgeon streets, in conjunction with the annual supper sponsored by the Mexican Methodist church.

The supper will begin at 6:30 p. m., and Dr. Calvin E. Holman, new pastor of the First church, will preside at the meeting, to be held around the dinner tables. The Rev. J. C. Palacios, pastor of the Mexican church, will bring his annual report.

Mrs. F. W. Wieseman, president of the board of the Mexican mission, will extend her greetings to all attending, and music will be provided by the girls' choir of the Mexican church. Angela and Raul Garcia will play piano and concert selections.

Shields to Lead Congregation

James Shields of the Pacific Bible seminary, Long Beach, will lead the congregation of the church of Christ of South Santa Ana in regular services during the absence of the minister, the Rev. Louis Alan White, it was announced today.

Shields will preach the morning sermon at 10:45. The Bible school hour at 9:45 a. m. is under the direction of Charles Hoff, and the youth meeting at 6 p. m. by Mrs. Paul C. Jones.

Lighthouse keeper on Alcatraz island for the past 20 years. He died Wednesday after 38 years in government service. Harrington was born in Eureka, Calif.

About Folks

A number of friends will go to Terminal Island tomorrow evening to wish a bon voyage to the Joe Hershey, who will sail on the S. S. Pennsylvania for Panama, Cuba, and other points.

The Rev. W. J. Hatter, rector of the local Episcopal church of the Messiah, and Mrs. Hatter spent Monday through Thursday in Los Angeles, attending a convention at St. Paul's Cathedral there.

Mrs. Florence Hinkley, who is critically ill, was moved yesterday to the home of her son, Clyde Hinkley, at Lynwood.

Rusty, Prison Cat, Loses Ninth Life

FOLSOM, Calif. (AP)—Rusty, the stool pigeon and prison cat, is dead.

For 16 years Rusty rambled the cellblocks of Folsom. He won distinction by his ability to detect food that prisoners sought to hide in their cells.

Clerk Joseph H. Doherty of the warden's staff said Rusty would go to a cell door and sit there until a guard came if he detected the odor of food. He couldn't be bribed. He would have nothing with convicts.

Prison guards will bury Rusty in a bed of flowers on a hillside above the penitentiary.

DRUNK DRIVING CHARGE

Niceto Martinez, 22, 1150 Perry street, Anaheim, was booked at the county jail on drunk driving charges. He was arrested by deputy sheriffs at Manchester and Brookhurst avenues last night.

FMP CONCERT AT HOSPITAL

Patients at Orange county hospital will enjoy another of the federal music project's choral concerts Tuesday night. Featured will be two of Charles Wakefield Cadman's better known compositions, "Service," and "Courage."

Also included on the program to be directed by Dudley Page Harper will be Bartholomew's sea chanty, "Hoodah Day," Guisno's cowboy song, "All Day on the Prairie," Andrew's "The Call," the Netherlands folk tune, "Prayer of Thanksgiving," "High Water," a negro spiritual, and Leslie's "Lullaby of Life." The concert is slated for 6:30 p. m.

Court Hears Drunk Charges

Drunk charges held the lime-light in Santa Ana police court yesterday as one defendant received a 180-day sentence and the next one pleaded not guilty.

William E. Johnson, 809 Highland street, was given the six-month sentence on a charge of common drunkenness, and George Klenck, Garden Grove, pleaded not guilty to drunk charges, waived a jury and will be tried at 2 p. m. next Thursday.

Speeding fines were levied against Dwight E. Newton, Orange, \$8, and Philip S. Weisbaum, Los Angeles, \$8, and 15 overtime parking cases were heard.

Long forgotten memories may be revived in a state of hypnosis.

REBEKAHS HAVE SPANISH PARTY

Spanish effects in food, music, and decorations highlighted Wednesday night's meeting of the Torosa Rebekahs when they met in L. O. O. F. hall. The 6 o'clock dinner was followed by a business meeting and dance.

Dinner tables were centered with big baskets of dark red flowering peach, which added to the other red and yellow decorations. The lodge room, more white baskets of the same flowers had been arranged.

Joe Murillo's Spanish orchestra provided the music for dancing, interspersed by a brief program. Chairmen for the affair were Miss Mildred Adams, program, and Mrs. Mary Ann Knox, supper.

FORMAL DEDICATION SERVICES

OF THE NEW FIRST PRESBYTERIAN CHURCH WILL BE HELD Sunday Afternoon at 5:00 o'clock

SERMONETTE

(ON THIS WEEK'S CHURCH SCHOOL LESSON)

By Glenn L. Thorne

SIDELIGHTS ON THE LESSON

Jesus Was in the House—Here was the attraction. But—He seeks to enter every man's house: "Behold, I stand at the door and knock."

He Fills the House When He Comes—Other attractions lose their significance in His presence. He'll fill the heart of any individual who will let Him be King of his life.

Jesus' Presence Cannot Be Hid—When He comes into the home—or the heart—His presence is revealed, and though a person will not be peculiar along some line, he will be radiant with the spirit of Christ.

There Were Difficulties in the Way of Coming to Him—Even though the Great Physician was in the house, effort must be made by those who would see Him. There are difficulties today, but while those of less faith and determination may fail, there is victory for those who "mean business."

"Borne of Four"—Here was cooperation. These men did not argue over which one would carry the lead corner and be leader. On the other hand, none of them sought to avoid the responsibility of leadership. Either extreme is just as bad. Theirs was cooperation.

When He Does the Work, Life Reveals It—Those who receive help from the Great Physician, show it by taking up their bed and—"walking."

—forgiveness. The scribes present called this blasphemy, for they said none but God can forgive sin. They were right! But they did not know who it was that spoke, they thought Him only a man. Jesus immediately answered them proving He was God as well as man. He had already been doing physical miracles which none but God could do. Then why not forgive sins? Why would this forgiveness be blasphemy by One who had already been doing the work of God? To prove that He has this power to heal and forgive—in other words to heal the soul as well as the body—and that sins are forgiven at His word, He

speaks the word of healing for this palsied man. If the word is powerful in one case it must be in the other. They could not see the result in the first case so they questioned the result. But in the second place the result is open before their eyes for "Immediately he arose, took up his bed, and went forth before them all." They were compelled to recognize this which they had seen, and by faith could recognize the sin cure equally as sure. This evidently was the case for we read that "They were all amazed and glorified God, saying, we never saw it on this wise before."

So we see how one man found Jesus. He was sick of a disease which caused him to lose the use of his lower limbs. Thus he was unable to bring himself to Jesus, except with the help of four friends. There were obstacles to overcome but when anyone really wants the Great Physician's touch, obstacles seem unimportant. Here we have a beautiful example of others working together to bring one to Him. Suppose the sick man—or the four helpers had said, "Looks like too big a job, let's let the matter go!" Let us note also, that the helpers received a blessing in helping the sick man. In addition to the joy they must have had at seeing the results of their efforts combined with the Master's touch, they themselves had front row balcony seats—they were admitted into the very presence of Jesus, much closer to Him than was the multitude. In helping others, we help ourselves.

MARKETS—CITRUS

Weekly Citrus Review

LOS ANGELES. (AP) — California oranges were stronger and lemons slightly weaker in eastern and middle western auction centers during the week.

California navel oranges were nine cents a box higher to an auction average of \$2.47 while the volume got up two cars to a total of 205 cars.

Lemons dipped two cents a box to an auction average of \$4.10 and the volume climbed eight cars to 103.

W. C. Frackelton, general manager for the California-Arizona orange and grapefruit agency, announced next week's prorate as follows: in interstate commerce 899 cars of navel oranges from southern California, 100 from northern and central California and one from Arizona.

Prorates in interstate commerce: 100 cars of navel oranges from central and northern California and 200 from southern California.

The government announced an offer to purchase 100 cars of oranges next week for federal relief purposes.

Pacific coast citrus markets were steady to slightly stronger on oranges and steady to slightly lower on lemons. Arrivals continued heavy, said the federal-state market news service in reporting for the week.

The California state supreme court issued a writ of prohibition during the week against the superior court here in the Forbes grapefruit case.

L. A. Stocks

LOS ANGELES. (AP) — Trading was extremely light in the half-day session of the Los Angeles Stock exchange today, with little change in prices.

Six issues were up, nine down and three unchanged on a turnover of approximately 5000 shares.

The oil group saw the most action, with Hancock and Bandini oils leading. Sierra Trading Co., with a volume of 2000 shares, led in turnover.

ILLINI TAKES WOMAN'S LIFE

CHESTER, Ill. (AP) — Two lives were claimed for one yesterday in a double execution which sent a woman to the electric chair for the first time in Illinois' history.

Dry-eyed and calm, Mrs. Marie Porter, 37-year-old St. Louis mother, went to her death with the handsome triglyceride she hired to kill her brother on his wedding day.

Angelo Ralph Giancola, 22, the slayer, preceded her to the southern Illinois state prison chair. He, too, went soberly, gripping a crucifix in both hands.

Their last words to Warden Joseph Montgomery and the 100 witnesses crowded in the small death chamber were practically the same.
